Dedication

Larry Pickering

It is with great pleasure that the Town of Newmarket dedicates this year's Annual Town Report to Larry Pickering. Larry has been a long-time resident of Newmarket, and has a robust history of commitment to the town throughout the years.

Larry graduated from Newmarket High School Class of 1965.

Larry has been busy in town government. He served on the Town Council from 1997–2004 (two terms), then from 2013–2014.

He was on the Budget Committee from 1991–1997. Then in 2005, and also 2009–2011, he served as a Committee Member and a Town Council Representative.

Larry was also a member of the Efficiency Committee from 2011–2013, and is a Life Long Member of the Historical Society since 1971.

Larry was involved in the Newmarket Handtub Association. He was the foreman of the Handtub during the late 60's through the late 70's. He took the Handtub to musters all around New England. Larry is also a life member of the New England State Veterans Firemen League.

Larry is a devoted husband to his wife Susan of 35 years, and father to his daughter Ashley, and Grampy to his grandson Sam, age 2.

Larry retired from PSNH as a utility worker in 2005. Now most mornings you will find Larry at the Great Bay Camping/Shell Station having coffee with his numerous friends, most likely talking "town politics" or testing out his new jokes.

We wish Larry all the best. He has an open invitation to come visit us at Town Hall whenever he gets the urge to give someone a "hard time."

In Memoriam

Frederick Authur Hilton

June 17, 1932 – December 17, 2014

Fred was the Supervisor of Buildings and Grounds Division of the Newmarket Public Works Department from 1990–1994. Fred was passionate about sports and took the playing fields maintenance to a higher level that made Newmarket teams proud.

In 1991 Fred attended a free seminar that the Red Sox grounds crew ran for small departments around New England. He came back began to cut the grass to the Red Sox specifications and used a roller behind the tractor to make the outfields look professional.

During the time Fred held this position, the Newmarket High School boy's baseball won the State Championship twice and the girl's softball team won the State Championship once. The teams presented Fred with game balls signed by the team for their gratitude of his care of the Newmarket fields during tournament play.

Fred was also involved in the Town Hall retrofit and the installation of the elevator to make Town Hall handicapped accessible. Fred was actively involved in the rebuilding of Beanie Howcroft Memorial Field that was funded by a LWCF grant and the work completed by the Town Public Works Department.

Fred was one of a 5 person committee that ran the Newmarket Fishing Derby by providing the set up and break down of the event, which this past year just celebrated its 25th Anniversary. The photo above is of Fred

and his granddaughter Caitlyn at the Fishing Derby.

Fred, in his buildings and ground capacity, often collaborated with his son, Jim Hilton, the current Newmarket Recreation Director. He often said to him; "My job is to grow grass and keep it looking good, apparently your job is to keep me in the business of constantly doing that." Many residents knew Fred. He didn't say much but his work ethic and his improvement to the Town's fields and buildings was how he expressed his love for the Town of Newmarket.

Fred will truly be missed by many. When you go to the fields, send Fred a little prayer that his fields are still as beautiful now as they were when he took care of them. He certainly set a precedent.

Vincent Jarosz

September 29, 1951 – January 3, 2014

Vince Jarosz was a former EMT and long time member and past president of the Newmarket Ambulance Corps. He was also a former member of the Newmarket Fire Department and was an assistant Civil Defense Director in Newmarket.

Vince purchased and restored several handtubs including the Granite #1. He founded and was president of the Granite #1 Handtub Association. He also collected many pieces of fire apparatus which he showed in his museum.

Vince was a life member and past president of the Tiger No. 1 Handtub Association in Newmarket and was a life member and past president of the New England States Veterans Fireman's League.

Governmental Reporting

Town Council

I would like to begin this report by thanking Councilor Pickering for his many years of unselfish service to the Town of Newmarket. Councilor Pickering resigned for personal reasons and his service to the Town of Newmarket as well as his many contributions have been missed. Larry has given many years to the town and we are very fortunate to have had his service and his selfless time and effort toward helping to move Newmarket forward. We would also like to thank former councilor Bentley for volunteering by putting his name back in the ring and helping to stabilize the town council by being willing to serve another year. The town voters also reelected both Councilor Nazaro, and myself. We also welcomed a new member to the Town Council, Toni Weinstein.

I would like to thank this Council and our Town Administrator for their efforts in making 2014 another constructive and positive year. A number of critical issues have been addressed and moved forward including the Waste Water Facility and the MacIntosh Well. The engineering for both of those facilities is continuing to progress in a positive manner. We're moving forward with a grant to ensure a safer downtown with a traffic calming measure that is to be implemented subject to approval by the State DOT. They worked closely with the town staff and Council to ensure the most efficient and best use of grant monies. I am hopeful that when the work is finally completed it will lead to a better experience for everyone who uses the downtown.

The Economic Development Committee has also worked carefully to provide the Town with a realistic and well thought out plan for Newmarket's future growth. The committee has worked to balance the "inviting small town feel" of the town with the growth that comes with economic development. We have been working with two consultants Peter Kwass and presently John Connery

to best address the growth throughout the town and specifically the 108 corridor, areas on Route 152 as well as the land on the east side of the Newmarket Industrial Park.

The Town Council also formed a joint committee with the School Board to analyze the various school facilities issues that have existed for far too long. Senator Nancy Stiles put us in touch with the State Commissioner of Education who in turn connected us with Randy Bell, an expert in the field with decades of experience who has been working closely with the coalition. The School/Town Joint Advisory Committee was formed after numerous citizens asked both the Town Council and the School Board to find a way to work together to develop a non-biased study and make an educated rather than an emotional decision that we'd have to live with for decades to come. I would like to personally thank the School Board Chairman Gail Durocher-Wentworth for her tireless persistence in helping to establish the joint committee. The town owes the School Board Chairman and all the members of the School Board many thanks for their efforts to help bridge the divide that existed in the aftermath of last year's vote on the new school. The final report should be completed by the second quarter of 2015 and at that time we hope to move toward a positive solution to the school facilities issues.

I would also like to thank all of the other elected officials who work so tirelessly to make Newmarket such a great town to live in. Our thanks to the many volunteers who work selflessly and make great contributions to the town without pay and on many occasions at their own cost. I know that we all wish Martha McNeil, who retired this year from the Sunrise Sunset Center, and by the way, had the function room named after her, a wonderful and healthy retirement. All of her hard work helped to make the Sunrise-Sunset Center a great place to visit and spend time. We wish Martha the very best! We also appreciate the

work of Ree Cooper and the "Linked Together Kids" who do so many important things to help our youth get involved with the community.

For my part, let me just say it has been an honor to serve as the Chairman of The Newmarket Town Council for the last two years. I appreciate the faith that the members of the Council and the voters have placed in me. I take that responsibility very seriously and it has been a pleasure to serve the Town of Newmarket and all of its Citizens. I continue to be very optimistic and positive about Newmarket's future.

*Sincerely,
Gary Levy, Chairman
Newmarket Town Council*

Town Administrator

It is my privilege to submit to you my annual report for the fiscal year ending June 30, 2014. As I enter into my third year as Newmarket's Town Administrator, I am proud of the continued progress that the Town Council and Town Staff have made over the past year. Some of the things you will notice, but some you will not. They are all done to continue to move Newmarket forward.

First, I would like to acknowledge former Town Councilor Larry Pickering. Councilor Pickering resigned from the Council midyear for personal reasons. No one can question Mr. Pickering's dedication to the community. His previous service as a Town Councilor and on the numerous other community boards provided a great wealth of knowledge for the Town Council and I. His candor and commonsense approach is missed. Former Councilor John Bentley made his departure from the Council brief and rejoined the body.

We welcomed Toni Weinstein to the Town Council this past year. Councilor Weinstein's interest in education and knowledge of the youth in the community will provide a much-welcomed voice on the Town Council.

As for key staff positions, we welcomed Terri Littlefield as the new Town Clerk / Tax Collector. Mrs. Littlefield was elected this past March, after former Town Clerk / Tax Collector Becky Benvenuti resigned. Mrs. Littlefield's transition was very smooth, as she served in that office for many years. I look forward to working with her and her efforts to modernize the office.

In March, the people of Newmarket continued to invest in the Town's infrastructure by approving a \$1.055 million bond to upgrade the water line from the water tower to the area of Pelczar Funeral Home. This will help us replace a line that is close to a century old.

In addition, we are working on replacing and upgrading the water line on North Main Street from Bay Road to the Town line. This will allow future development in that area in accordance with the Town's Master Plan. This project will be funded through money the Town has been putting aside for a number of years.

We are continuing to work on the Waste Water Treatment Facility upgrades and the construction of the Macintosh Well. Both of these projects are moving forward and are in the planning stages.

This office in conjunction with the Economic Development Committee have been working on determining what types of development the community can handle and more importantly what will be most beneficial for its future. The Town received a report from a consultant Peter Kwass on what are the Town's strengths, what are the weaknesses and what economic development opportunities are available for it. This report was the first step, and the specific locations and types of development are being reviewed for a more comprehensive plan

to implement. It is the goal that this will assist the Town with its economic development planning.

We have been working on a number of large items this year that will affect the community for years to come. We have been working on ways to address the Macallen Dam on the Lamprey River. The Town received a notice of deficiency from the State of New Hampshire indicating that it must work to either remove the dam or improve its safety to ensure it will meet certain criteria. The Town had funds to examine the impact of removing the dam, and hired an engineering firm to conduct a cursory study of the impact of removing the dam. After a series of public meetings and receiving the study, it was determined that a committee should be formed to investigate what is the best option for the Town. This committee is currently meeting and will have a report shortly.

Financially, I am happy to say the Town is on sure footing. Due to the tireless efforts of the Department Heads, the Town Council and Municipal Budget Committee the Town has been able to propose for the fiscal year ending June 30, 2016 a budget with no increase on the Town's portion of the tax rate. They understand that the community is facing numerous challenges and have been weighing the Town's needs against that which we can afford. While we do this, we also realize that in the near future, we will have to address aging Town infrastructure such as buildings, roads and utilities. We are working on plans to address these issues while limiting the impact on the taxpayers.

We continue to improve communications with the public. In today's world of instant communication,

municipalities are still somewhat behind. We have embraced the latest technology and have established a Facebook and Twitter (@TownofNewmrktNH) presence so we can relay information to you instantaneously. In addition, we have revamped our email newsletter and have updated our website as well. Please visit the site at www.newmarketnh.gov. In addition, in the coming year we will be implementing the CodeRED reverse 911 system to notify residents by telephone, cellphone, email and text of emergencies and other events in Town.

These are just some highlights of projects we have been working on. There have been so many projects, I could fill the entire Town Report. In addition, there are many other challenges facing this community in the coming years. As always, I look forward to working with all of you to address them head-on.

The Town of Newmarket is lucky in that it does not experience a significant amount of turnover in the people who work for it. This shows their commitment to the community. I would like to take this opportunity to thank the individuals listed here for their dedicated years of service.

In closing, I would like to thank those mentioned above and all of the dedicated employees for their continued dedication to the Town. Finally, I thank all of you the residents of the community for making Newmarket an even better community to live and work in. If I can ever be of any assistance to you, please feel free to contact me at (603) 659-3617, via email at sfournier@newmarketnh.gov, or come by my office in Town Hall.

*Respectfully submitted,
Stephen R. Fournier

2014 Deliberative Session and Ballot Results

ANNUAL TOWN MEETING - FIRST SESSION - FEBRUARY 8, 2014
Newmarket Jr/Sr High School Gym

The meeting was called to order at 1:45 pm by Moderator Clay Mitchell. Fifty (50) registered voters checked in per the official checklist of the Supervisors. Moderator Mitchell indicated that this 1st Session of the Annual Town Meeting was to explain, discuss, debate and amend warrant articles. Moderator also announced that 2nd Session of Town Meeting, to vote on election of officials and all warrant articles, would take place Tuesday, March 11, Newmarket Town Hall, from 7am - 8pm.

The meeting opened with the Pledge of Allegiance. The Moderator then requested we observe a moment of silence for friends and family we may have lost in the past year, as well as all members of military who are defending our right for freedom.

With the discretion of the Town Meeting, Moderator Mitchell asked if anyone objected to discussing the warrant articles out of the order presented, taking direct Town warrant articles 1, 2, 21, 22, 23, 24, 25 first, and then discussing the remainder of the warrant articles, all pertaining to Charter Amendments. No objection was noted. He also indicated that there were three people present who were not residents, and asked permission to allow them to speak if questions deemed necessary. These three people included Town Administrator Steve Fournier, W/S Superintendent Sean Grieg, and Town Attorney Justin Pasay. No objection stated. These three individuals allowed to speak.

Article 1 Election of Officers

Moderator read list of vacancies to be filled.

Article 2 - \$1,055,000 Bond for Installation of Water Main on Route 108

Moderator asked for background on this article. Sean Grieg explained project encompasses three parts: (1) improve electric power to water tank, water sewer surveillance, police dispatch, and cell phone towers (Water Dept does receive revenue from cell phone towers); (2) tank vault not safe, needs upgrading & improvements; and (3) water line is 120 years old (installed in 1894) and needs replacement. He stated we currently get 2200 gallons/minute on Main Street which is not enough for fire flows. New line will produce 4500 gallons/minute. Project is not just for Main Street, but will allow water to get to surrounding areas such as Elm Street. The project is to be funded by SRF(State revolving loan fund) at 2.72% for 20 years. Since Town is expected to retire water meter project debt this year; money will now go to paying off this loan. This is a project that has been in the works for some time, will help flows, and protect investments in our Main Street area.

Francis Salinder, 24 Briallia Circle, questioned cost impact to water users. Sean Grieg indicated there are no plans to raise water rates to pay for this project. Retired debt will pay off loan. No anticipated increases to water rates due to this project.

David Spiegel, 10A Maple Street, had two questions. Why does warrant article say no impact on tax rate but impact on water users? Also, reference was made to protecting improvements made on Main Street; but aside from lights, sidewalks owned by the Town, what other improvements would be impacted . . . isn't it all private ownership as opposed to Town owned property?

Steve Fournier indicated language has to be put in saying water rates may be impacted, even though retiring debt is expected to offset this. By approving this article, if for some reason there was no debt retired, we would have to raise money to pay off this loan. The plan, however, is to retire debt to pay for this. Councilor John Bentley questioned whether article might be worded "could" impact, rather than "will" impact users. Steve Fournier explained still have to put "will" because the Town is still raising an appropriation through the rates by voting yes on this.

Councilor Gary Levy asked for explanation on the anticipated retiring debt so people understand. Steve Fournier explained that a few years ago meters were upgraded; bond was taken out to pay for this. That bond will be retired this year and will offset cost of this project.

Sean Grieg, in response to question regarding downtown improvements, stated project will increase fire flow to downtown, and even though they are private buildings, they are water users. Also will help in areas where there are Town buildings.

Councilor Larry Pickering asked about the electrical wires on top of ground that were a temporary fix. Questioned whether utility poles would be put on hillside, or trenched out and conduit placed. Sean Grieg responded - trenched out and put in conduit.

David Spiegel said he imagines increased capacity in pipe line will perhaps reduce insurance rates on Main Street buildings. He wondered if Town has ever considered issuing special assessment of some kind, which in effect would be offset by the reduced insurance rates, so some of the properties make contributions to their increased fire safety.

Council members responded this had not been discussed or considered. Moderator suggested Mr. Spiegel bring this suggestion to the Council at a future time.

No amendments.

Article 21 FY2014-2015 Operating Budget

No comments, questions, amendments.

Article 22 Creation of Compensated Absence Expendable Trust

No comments, questions, amendments.

****At this point Councilor John Bentley asked if he could go back to Article 21 for a question. "Why was Town Council vote not on Article 21?" Since this was a procedural question, it was allowed by Moderator.*

Steve Fournier explained the Article is not the Town Council's budget at this point. It is the Municipal Budget Committee's budget/recommendation. It's their recommendation that goes on the warrant. Council did not vote after the adoption of Municipal Budget Committee's budget to take up the new budget. Same situation as last year.

John Bentley indicated that the Council did vote. Steve Fournier verified the Council did vote, but it was not the same number as the Municipal Budget Committee.

Article 23 Creation of Storm water Management Capital Reserve Fund

No comments, questions, amendments.

Article 24 Creation of 300th Anniversary Celebration Expendable Fund

No comments, questions, amendments.

Article 25 By Petition: Donate \$5,623 to Rockingham Nutrition and Meals on Wheels Program

Patricia Simon, 510 Cushing Road, wondered whether this item had been inadvertently left out of the budget, and questioned if it would automatically be included in future budgets or would continue to appear as a petition warrant article. Steve Fournier indicated it is his intention to include this item in his future budgets presented to the Town Council.

Moderator Mitchell indicated the meeting would now proceed to review Articles relative to the Charter Commission's proposed Charter Amendments. He stated that he chaired the Charter Commission and offered a brief explanation of the Committee's purpose and process. The Committee worked diligently over a six month period to put together amendments to address various provisions in the Charter. The Committee decided that rather than put forth one colossal warrant article, they would present each change/amendment individually so that voters could make a choice on each individual amendment. He indicated that the nine-member committee worked hard to reach a consensus on all amendment recommendations. Some comments were made on the following Charter Amendment Articles.

Article 3 – Charter Amendment #1 (Clarifies form of Government and provides that Departments are established by Town Council)

Article 4 – Charter Amendment #2 (Relative to Town Council setting polling hours for elections)

Question as to whether intent was to reduce hours. Charter Committee Member Chris Hawkins indicated intent was to allow flexibility.

Article 5 – Charter Amendment #3 (Clarifies that election ballots shall be prepared in accordance with State Law)

Article 6 – Charter Amendment #4 (Clarifies Town Council's use of resolutions to conduct business and addresses differences between resolutions/ordinances)

Article 7 – Charter Amendment #5 (New Charter section relative to establishment of village districts)

Clay Mitchell clarified that Town Council would have authority to establish districts if this should pass. Charter Committee member Leo Filion indicated that if this amendment should pass, he hopes Town Council will put into effect. David Spiegel asked whether these districts are geographic, do they represent particular areas based on business, prosperity? Clay Mitchell responded that they are geographic. Leo Filion referenced examples of other towns/cities with village districts, indicating they can be large or small, flexible, some funded by taxes, some user fees. Phil Nazzaro reiterated that even though Council has authority to set up, doesn't mean they will.

Article 8 – Charter Amendment #6 (Addresses the position of Town Administrator; clarifies description of Town Administrator's authority and responsibility in the Town Charter.

Article 9 – Charter Amendment #7 (Relative to appointed Town Treasurer vs. Elected)

Question as to when this would take effect. Steve Fournier indicated, if approved, this change would take effect July 1, 2014. Discussion as to whether this person becomes a Town employee

with benefits, etc. Phil Nazzaro noted this amendment doesn't change duties/responsibilities. Per Steve Fournier position is part-time and would not qualify for Town insurance.

Article 10 – Charter Amendment #8 (Addresses Town requirement to revise its Master Plan no less than once every 10 years)

Article 11 – Charter Amendment #9 (Relative to Town Administrator submitting 5 year financial forecast by October 1 of each year)

Article 12 – Charter Amendment #10 (Relative to clarifying that CIP is submitted to Budget Committee as well as Town Council & that school facilities are amongst facilities that CIP include in plan analysis)

Article 13 – Charter Amendment #11 (Relative to Council's action on amendments to personnel plan)

Article 14 – Charter Amendment #12 (Relative to Department Head compensation being the responsibility of Town Administrator & provisions of Town Personnel Plan)

Article 15 – Charter Amendment #13 (Relative to Town Administrator certifying rates of employee compensation)

Article 16 – Charter Amendment #14 (Relative to recall of elected officials as stated in current Charter - Section 8.6 Recall of Councilors is unlawful & unenforceable)

Article 17 – Charter Amendment #15 (Relative to Reorganization Plans)

Article 18 – Charter Amendment #16 (Relative to Proposed Reorganization Plans by the Administrator)

Article 19 – Charter Amendment #17 (Relative to clarifying membership of Capital Improvements Program Committee)

Russ Simon questioned membership of six people – should number be odd, so no ties? Phil Nazzaro stated the Committee went with six because School Board cannot be required to participate; in the event they do not participate, the number is odd.

Article 20 – Charter Amendment #18 (Relative to manner in which Town Council meets with School Board annually to discuss matters)

Charter Committee Member Toni Weinstein commented that this encourages talking about issues as a community.

There being no further business, motion to adjourn made by Chris Hawkins. Seconded by Bob Daigle. Unanimous voice vote.
Meeting adjourned at 2:42 PM

Respectfully submitted,

Donna Dugal
Town Clerk/Tax Collector

2/11/14

MINUTES
ANNUAL TOWN MEETING
NEWMARKET, NH

SECOND SESSION: MARCH 11, 2014

The second session of the Annual Town Meeting was called to order by Moderator Clay Mitchell, and voting polls were opened at 7:00 a.m. on Tuesday, March 11, 2014, at the Newmarket Town Hall.

The ballots had been verified, counted and tested. Sample ballots and election signs were posted.

Supervisors of the checklist were Madeleine St. Hilaire, Martha Sandy McNeil and Jane Arquette.

Ballot Clerks/Inspectors of the election were: Regina Dutka, Lorianne Caprioli, Annette Brousseau, Constance Bentley, Fred Edgerly, Arlene Moore, Joel Bogan, Elizabeth Arcieri, Jillian Arquette, Eric Botterman, Deborah Grochmal and Erin Bajger.

The Town Clerk was Donna Dugal. Town Councilors present at the polls and/or participating in counting and tallying were Gary Levy, John Bentley, Larry Pickering, Dan Wright, Dale Pike and Ed Carmichael. Town Administrator Steve Fournier was also present.

Processing of absentee ballots (237) began at 1:00 p.m. and ended at 8:00 p.m. The checklist included 6685 registered voters. A total of 3185 ballots were cast.

The polls were declared closed at 8:00 p.m. Moderator Clay Mitchell announced the Town Election results and School Moderator Robert Madea announced the School results.

The Town results were as follows:

Article #1. To choose all Town Officers for the open terms.

Budget Committee (three for three years) (*Denotes winner)

Meg Louney*	1471 votes
Mickey Burns*	1432 votes
Craig Dionne*	1399 votes
Dana Glennon	1123 votes

Budget Committee (one for two years)

Michael Lang*	1855 votes
---------------	------------

Moderator (one for two years)

Chris Hawkins*	2258 votes
----------------	------------

Planning Board (two for three years)

Valerie Shelton*	1852 votes
Jane Ford*	1516 votes

Supervisor of Checklist (one for six years)

Donna Gorski	1069 votes
Nicole Benson*	1273 votes

Town Clerk/Tax Collector (one for one year)

Terri J. Littlefield*	1274 votes
Linda Fecteau	1110 votes

Town Council (three for three years)

Toni Weinstein*	1448 votes
Gary Levy*	1461 votes
Phil Nazzaro*	1879 votes
Ellen Read	946 votes

Treasurer (one for three years)

Belinda Camire*	2080 votes
-----------------	------------

Trustee of Trust Funds (one for three years)

(all write-in)	179 votes

Article 2. \$1,055,000 Bond for Installation of Water Main on Rt. 108 (2/3 vote required)

<u>PASSED</u>	YES 2,054	NO 747
---------------	-----------	--------

Article 3. Charter Amendment #1 (Clarifies form of Government and provides that Departments are established by Town Council)

<u>PASSED</u>	YES 2,144	NO 533
---------------	-----------	--------

Article 4. Charter Amendment #2 (Relative to Town Council setting polling hours for elections)

<u>PASSED</u>	YES 1,989	NO 713
---------------	-----------	--------

Article 5. Charter Amendment #3 (Clarifies that election ballots shall be prepared in accordance with State Law)

<u>PASSED</u>	YES 2,314	NO 373
---------------	-----------	--------

Article 6. Charter Amendment #4 (Clarifies Town Council's use of resolutions to conduct business and addresses differences between resolutions/ordinances)

<u>PASSED</u>	YES 2,237	NO 394
---------------	-----------	--------

Article 7. Charter Amendment #5 (New Charter section relative to establishment of village districts)

<u>PASSED</u>	YES 1,793	NO 897
---------------	-----------	--------

Article 8. Charter Amendment #6 (Addresses the position of Town Administrator; clarifies description of Town Administrator's authority and responsibility in the Town Charter)

<u>PASSED</u>	YES 2,223	NO 460
---------------	-----------	--------

Article 9. Charter Amendment #7 (Relative to appointed Town Treasurer vs. Elected)

<u>PASSED</u>	YES 2,022	NO 720
---------------	-----------	--------

Article 10. Charter Amendment #8 (Addresses Town requirement to revise its Master Plan no less than once every 10 years)

PASSED YES 2,262 NO 489

Article 11. Charter Amendment #9 (Relative to Town Administrator submitting five-year financial forecast by October 1 of each year)

PASSED YES 2,330 NO 303

Article 12. Charter Amendment #10 (Relative to clarifying that CIP is submitted to Budget Committee as well as Town Council & that school facilities are amongst facilities that CIP include in plan analysis)

PASSED YES 2,183 NO 394

Article 13. Charter Amendment #11 (Relative to Council's action on amendments to personnel plan)

PASSED YES 2,080 NO 471

Article 14. Charter Amendment #12 (Relative to Department Head compensation being the responsibility of Town Administrator & provisions of Town Personnel Plan)

PASSED YES 2,066 NO 503

Article 15. Charter Amendment #13 (Relative to Town Administrator certifying rates of employee compensation)

PASSED YES 2,294 NO 417

Article 16. Charter Amendment #14 (Relative to recall of elected officials as stated in current Charter – Section 8.6 Recall of Councilors is unlawful & unenforceable)

PASSED YES 2,162 NO 500

Article 17. Charter Amendment #15 (Relative to Reorganization Plans)

PASSED YES 2,133 NO 409

Article 18. Charter Amendment #16 (Relative to proposed Reorganization Plans by the Administrator)

PASSED YES 2,101 NO 434

Article 19. Charter Amendment #17 (Relative to clarifying membership of Capital Improvements Program Committee)

PASSED YES 2,122 NO 428

Article 20. Charter Amendment #18 (Relative to manner in which Town Council meets with School Board annually to discuss matters)

PASSED YES 2,029 NO 539

Article 21. FY2014-2015 Proposed Operating Budget (\$9,060,199)

PASSED YES 2,300 NO 475

Article 22. Creation of a Compensated Absence Expendable Trust per RSA 31:19a (\$29,500)

PASSED YES 1,870 NO 881

Article 23. Creation of a Storm Water Management Capital Reserve Fund under provisions of RSA 35:1 (\$41,113)

PASSED YES 2,004 NO 762

Article 24. Creation of 300th Anniversary Celebration Expendable Fund (\$2,000)

PASSED YES 2,108 NO 675

Article 25. By petition: Donate \$5,623 to Rockingham Nutrition and Meals on Wheels Program

PASSED YES 2,374 NO 468

Respectfully submitted and A True Copy of Record Attest,

Donna Dugal

Town Clerk – Tax Collector

Departmental Reporting

Property Tax Rates — Tax Years 2005–2014

Year	Town	County	Local Education	State Education	Total

Assessing

The firm of Municipal Resources, Inc. continues to handle the assessing functions for the Town of Newmarket. The three primary members of the staff working in Town are, Scott Marsh (Assessor), Jerry Quintal and Joseph Lessard. Additional staff members Paul McKenney and Shawn Main may be assisting. It is requested that if any of the appraisers come to your property, you support the Town's efforts to keep assessments equitable and proper by answering any questions and allowing them to inspect and verify the data of your property.

Municipal Resources personnel are available to meet with taxpayers and if

Below is a list of Tax Exemptions and Credits currently available. Additional information and applications are available at the Assessing office.

Elderly Exemption

Amount (\$ Off Assessed Valuation)	Required Age	Income Limitations	Asset Limitation
\$ 80,000	65 to 74	Not in excess of \$35,000 if single, \$50,000 if married	Not in excess of \$110,000 excluding the value of residence & to 2 acres
\$100,000	75 to 79		
\$120,000	80 and up		

Disabled Exemption

\$70,000 off assessed valuation

The same income and asset limitations as the elderly exemption.

Blind Exemption

\$20,000 off assessed valuation

Every inhabitant owning residential real estate and who is legally blind, as determined by the Administrator of Blind Services of the Vocational Rehabilitation Division of the Education Department.

Veteran

Standard: **Tax Credit \$500**

Every resident who served in the armed forces in any of the qualifying wars or armed conflicts as listed in RSA 72:28, was honorably discharged; or the spouse/surviving spouse of such resident.

Surviving Spouse: **Tax Credit \$2,000**

The surviving un-remarried spouse of any person who was killed or died while on active duty in the armed forces, as listed in RSA 72:28.

Service Connected Disability: **Tax Credit \$2,000**

Any person who has been honorably discharged and received a form DD-214 and who has a total and permanent service connected disability, or is a double amputee or paraplegic because of the service-connected injury, or the surviving spouse of such person if such surviving spouse has not remarried.

an appointment is desired, the Town's Assessing Office staff can schedule one for you.

The past year saw the assessing office handle 30 abatement requests. There were also roughly 450 properties reviewed due to taxpayer inquiries, issued building permits, incomplete status of prior year review and/or site changes as well as properties which were reviewed as part of the Town's quarterly review program, which is the process of visiting properties each year to verify and/or correct physical descriptions listed in the assessing records. An update of assessments was completed for the 2014 tax year as was required by the State and in total the Town's 2014 net taxable assessed value decreased around \$33,000,000.

A review of the annual DRA's equalization sales survey has been completed and the Town's overall median assessment ratio as of April 1, 2014 is expected to around 98%.

Individual property assessing information may be obtained by visiting the assessing office or on-line by following the link on the Town's website.

Planning Board

During the past year, the Planning Board continued to address a broad array of issues related to growth and development of the Town, as highlighted below:

In 2014, we saw the fruition of three high profile projects that had been in the planning stages for several years, including the final phase of the Newmarket Mills involving the redevelopment and expansion of the former Riverdale automotive building into a small grocery store with a drive-through coffee business and construction of the Newmarket Mills Retail Shops, called "Weaver's Row", for a nano-brewery and the site for the new Panzanella's restaurant. We also saw construction move ahead expeditiously at the Rockingham County Club for a new residential open space development which envisions the clustering of 52 new homes and the preservation of adjacent wetlands and the existing golf course to remain open to the public.

The Planning Board continues to work with the Strafford Regional Planning Commission (SRPC) on updating the Newmarket Master Plan. This year's work is focusing on three (3) chapters of the plan, including the Vision, Future Land Use and Housing and Demographics chapters. Every year, the Planning Board tries to update at least one chapter of the Master Plan. Charter amendments were passed at the 2014 Annual Town Meeting calling for the Town's Master Plan to be updated not less frequently than once every 10 years (Section Town's Master Plan, Town Charter amended March 11, 2014.)

Also in March, Val Shelton and Jane Ford were re-elected as regular Planning Board members at the annual Town Meeting. Eric Botterman was nominated and voted in for a second term as Chairman of Planning Board and Valerie Shelton was voted in as Vice Chairman in April. In June, John Badger was appointed to fill the Planning Board vacancy of Rick McMenimen and Rose-Anne Kwaks was appointed as an Alternate. Later in the year, Peter Nelson was also appointed by the Planning Board as an Alternate.

In June, the Planning Department in partnership with the Strafford Regional Planning Commission (SRPC) conducted a public education/outreach program on stormwater management and non-point source pollution. Due to population changes in the 2010 US Census, Newmarket is now required to participate in the Environmental Protection Agency (EPA) MS4 program. A panel of speakers addressed issues such as what is stormwater; what role the Planning Board can play in managing it; and what resources are there for implementation, outreach and public education.

In June, the draft report regarding the feasibility of the removal of the Macallen Dam, prepared by Gomez and Sullivan Engineers, was released and a well-attended public information meeting on the results followed. In August, a resolution was passed by the Town Council to formalize the Macallen Dam Study Committee and broaden its purpose to examine all options the Town has with respect to the dam, for removal, preservation, and other possibilities.

The committee met several times during the fall to discuss next steps. The Committee is expected to report back to the Town Council with some recommendations for further engineering studies that will be needed with an eye to preserving, rather than removing the dam.

The Town has received new Flood Insurance Rate Maps (FIRM) from the Federal Emergency Management Agency (FEMA) for Newmarket. In the upcoming months, the Planning Board will be working on amendments to the zoning, subdivision, and site review regulations to assure Newmarket's continued eligibility in the National Flood Insurance Program. Copies of the preliminary maps are available for viewing in the Planning Office and are posted on the Town's website at www.newmarketnh.gov.

The Planning Department continues to work on the pedestrian safety improvements in the downtown. A public information meeting was held in July to present traffic calming recommendations for Main Street between Elm Street and Exeter Road. The improvements include improved pedestrian signage, decorative luminaires to improve night time visibility, textured pedestrian crossings, enhanced curb extensions, and a new crosswalk. The project is scheduled to be advertised for bids in February 2015, with construction beginning in the summer of 2015 and completion before the end of the year.

The Planning Department has been working on a Shoulder Widening and Bike Path Construction Project on Route 108 from the Irving Gas Station to the Newmarket/Newfields town line. The New Hampshire Department of Transportation and the Federal Highway Administration are providing full funding for this project, in the amount of \$809,292, through the federal Congestion Mitigation and Air Quality (CMAQ) program. Underwood Engineers, the Town's consultant, has come forward with two alternatives which will be considered by the Town. A public information meeting will be scheduled in early 2015 to solicit feedback from the public on the most feasible approach.

In November, the Planning Department received word that it had received

Subdivision & Site Plan Applications 2014

Rockingham Country Club, Inc./Chinburg Builders, Inc. – Minor subdivision at 200 Exeter Road, Tax Map R3, Lot 23, M-4 Zone. The proposal was for a subdivision of the existing 104.679 acre lot into two conforming lots of 97.941 acres and 6.738 acres. *Approved.*

Rockingham Country Club, Inc./Chinburg Builders, Inc. – Application for Residential Open Space Design Development for a Special Use Permit pursuant to Section 6.01 of the Newmarket Zoning Ordinance and for subdivision approval under Section 3.14 of the Newmarket Subdivision Regulations, at 200 Exeter Road, Tax Map R3, Lot 23, M-4 Zone. The proposal involved the construction of 52 single-family homes along the north side of the golf course with the golf course and adjacent wetlands preserved as open space. *Approved.*

NIP Lot 6 LLC/Shearwater Investment Corp. – Major Site Plan review, at 2 Forbes Road (NIP Lot 6 LLC), Tax Map R3, Lot 9-6, and 181 Exeter Road (Shearwater Investment Corp.), Tax Map R3, Lot 8, both in the B2 Zone. The proposal was for a 24,000 square foot expansion of the existing industrial building located at 2 Forbes Road, with associated parking, drainage, and landscaping improvements. Following site plan approval, the lots will be merged to make one lot. *This project is pending.*

Newmarket Mills, LLC – Waiver from full site plan review requirements involving a modification to the existing site plan approval to permit a 3,600 sq. ft. nano-brewery within the retail center, whereas retail/restaurant uses were previously approved. The lot is located at Main Street/Spring Street, Tax Map U2, Lot 60A and 61, M2-A Zone. *Approved.*

Newmarket Mills, LLC – Site Plan review, at Main Street, Tax Map U2, Lot 57, M2A Zone. The proposal was to convert and expand the existing “Riverdale Automotive” building for a grocer focusing on local produce and meats, with a drive-through coffee service. *Approved.*

Hayden Family Rev. Trust, Mark L. & Karen S. Hayden, Trustees/Chinburg Builders, Inc. – Subdivision, at 74 Bald Hill Road, Tax Map R7, Lot 24, R1 Zone. The proposal was to subdivide a 41.399 acre parcel into two lots, one being a 29.953 acre lot and the other an 11.447 acre lot to remain with the existing residence. *Approved.*

Hayden Family Revocable Trust/Mark L. & Karen S. Hayden, Trustees/Chinburg Builders, Inc. – Special Use Permit and Subdivision related to a ten (10) lot Residential Open Space Design Development at 74 Bald Hill Road, Tax Map R7, Lot 24, R1 Zone. The development involved the construction of single family homes on a small cul-de-sac, and the preservation of 21.09 acres as open space on a parcel of approximately 36 acres. A Special Use Permit was also requested in reference to Section 6.0 Residential Open Space Design of the Newmarket Zoning Ordinance. *Approved.*

Kenepp, Keefe, Janelle – Boundary Line Adjustment, requested by David G. Kenepp & Ellen Keefe, 10 Great Cove Drive, Tax Map U3, Lot 76 and Tracy & William Janelle, 6 Great Cove Drive, Tax Map U3, Lot 74, both lots located in the R2 Zone. The proposal was to take 0.21 acres of land from Lot 76, which had an area of 1.62 acres, and add it to Lot 74, which had an area of 0.62 acres. *Approved.*

Rockingham Golf, LLC – Request for a waiver of Impact Fees assessed

for Recreation Facilities and Water Supply & Treatment for the subdivision at 200 Exeter Road, Tax Map R3, Lot 23-100. *Only waiver for water supply and treatment approved.*

Newmarket Housing Authority/Newmarket Town Solar LLC – Minor Site Plan review, at 34 Gordon Avenue, Tax Map U4, Lot 8, M3 Zone. The proposal was to allow for a community solar array to be built on the grounds of the Newmarket Housing Authority to provide discounted electricity to the tenants in the complex. The system was a low-profile project that will have no safety or health concerns and provides no view, smell or sound concerns for the surrounding community. *Approved.*

Acadia Engineers & Constructors, LLC – Modification of a Site Plat 13 & 15 Water Street, Tax Map U3, Lot 4, M2 Zone. The proposal was to modify an approved Site Plan for a mixed use development at 13 & 15 Water Street that was approved by the Planning Board and signed by the Planning Board Chairman on July 19, 2013. The project involved the restoration and renovation of the F.E. Lang Blacksmith building and construction of four new town-home units. Modifications included landscaping, curbing, stormwater management and drainage, signage, lighting, elimination of waste and recycling area, and siting of above ground propane fuel tank. *Approved.*

Gerard Hamel & Eileen Murphy Hamel – Subdivision, at 7 Gonet Drive, Tax Map R2, Lot 11A, R1 Zone. The proposal was to subdivide Tax Map R2, Lot 11A (11.07 acres with 509.86’ frontage) into two separate lots. Lot 11A would become 5.69 acres, with 299.02’ of frontage, while the newly created Lot 11C would be 5.38 acres, with 210.83’ of frontage. *Approved.*

a \$57,793 Coastal Resilience Technical Assistance Project grant from the NH Department of Environmental Services (NH DES) to hire an engineering consultant to assess building resilience related to flooding in the Moonlight Brook Watershed area.

The Planning Board once again participated in the Town's Capital Improvement Program (CIP) process. The CIP committee recommended a full complement of Town capital projects totaling \$559,949 to be considered as part of the FY 14/15 budget and water and sewer enterprise fund totaling \$528,204. With the new Charter changes that were made in March 2014, the Newmarket School District is now part of the Town's CIP process. Three (3) school projects were submitted for inclusion in the plan: (1) the replacement of equipment to operate both schools at \$140,000 annually for the next six years; (2) the evaluation of and renovations to the Junior and Senior High School to address ADA, fire and life safety code issues and mechanical, lighting, roof, space and site needs (preliminary cost estimate by Banwell Architects, dated 01/05/15- \$13,050,510); and (3) expansion and renovations to existing space, including a boiler system, at the Newmarket Elementary School (preliminary cost estimate by Banwell Architects, dated 01/05/2015 - \$3,362,070.) These projects will continue to be vetted through the Joint Advisory Committee and School Board planning process.

In closing, it has been a pleasure to serve the Town of Newmarket and the Planning Board this year as Chairman. I would like to thank all of the Planning Board members for their service to the community. The Board is often faced with difficult and controversial issues and their willingness to share their time, energy and expertise for the betterment of the community is admirable.

On behalf of the Planning Board, I would also like to acknowledge the outstanding support we receive from the Newmarket Planning Department. We would not function as effectively without the hard work and professional expertise of Town Planner Diane Hardy and Administrative Secretary Susan Jordan.

In the coming year, we will continue to strive for quality development through sound land use planning in balance with the interests of the private landowner. We look forward to the challenges ahead as we continue on our present course of economic revitalization.

*Respectfully submitted,
Eric Botterman, Chairman
Newmarket Planning Board*

Building Safety

The mission of the Department of Building Safety and Health is to proactively safeguard the public health and welfare

through loss prevention. The construction standards we use are 'designed by disaster', or at least, by a lot of experience. The codes administered by the Office of Building Safety and Health play an important role in protecting lives, minimizing injury, protecting property. They also serve to protect our local economy and the environment. By adhering to known good practices, we reduce future maintenance, repair and recovery costs, often lessening the burden on taxpayer dollars after disaster strikes. It is our goal to build a sustainable and resilient community that we can all feel proud of and safe in.

The Department of Building Safety has had a reasonably busy year. We

Building Permits by Type 2014

Type	Number Issued
Single Family	10
Accessory Apartments	1
Multi-family	0

2009	163	0	\$14,692	\$1,877,796
2008	168	7	\$23,855	\$4,348,086

Total separate Electrical, Plumbing & Mechanical Permits: 174 permits issued, fees \$10,409.00.

Fees Collected*: \$49,246

**As a result of Town voting/elections being held in March, the deadline for this report is prior to December 31st. These figures do not encompass the entire calendar year for 2014.*

have had significantly more commercial projects and single-family home starts than we have had in recent years. The goal of being a valuable member of the construction team encourages people to seek our input. A vast majority of these projects have opted to build above minimum code requirements. In fact, most are achieving Energy Star rating. We feel a portion of this activity can be attributed to the positive regulatory environment we are proud of and becoming well-known for.

The Building Safety Officer is a part time position, available weekdays 8:00 A.M. – 1:00 P.M. for consultations and inspections.

Michael Hoffman
Certified Building Official

Conservation Commission

The members of the Conservation Commission are: Bruce Fecteau, Jeffrey Goldknopf, Drew Kiefaber, Fred Pearson, Eric Wigode, Toni Weinstein (Town Council representative), and John Brackett (Planning Board representative). Robert Gazda and Jessica Veysey-Powell serve as alternates.

During the year we reviewed subdivision plans for wetland setbacks and the protection of our natural resources. We also reviewed dredge and fill applications and forwarded our recommendations to the State of New Hampshire Department of Environmental Services.

We are responsible for annual monitoring of five conservation properties in town to ensure that the easements are not being violated and the properties are being used for the intended purposes. Monitoring reports are forwarded to partner organizations that helped with funding and kept on file locally.

With the Recreation Department and Boy Scout Troop 200, the Conservation Commission is a co-sponsor of the Fishing Derby. The Fishing Derby is for Newmarket children under the age of 14 and is a popular event every year.

A \$1000 scholarship was granted to a Newmarket graduating senior

pursuing further education in the Environmental Sciences.

The Commission purchases composters and rain barrels which we resell to residents at cost. These products can help residents recycle yard waste and water gardens with rain water.

An invasive plant species removal work session was held at the Wigin Farm, a town owned conservation property. We pulled many plants and piled them to dry and die. Our goal is to minimize the spread of invasive plants on Newmarket owned conserved lands.

The Commission is continuing to build trails on conserved properties where appropriate. We encourage residents to get outside and use/enjoy the conserved properties in Newmarket.

Respectively submitted,
Drew Kiefaber, Chairman

Environmental Services

The Wastewater Department continues to work with Wright-Pierce Engineering to design improvements to the Newmarket Wastewater Treatment Facility (WWTF) to meet its new total nitrogen discharge limit of 8.0 mg/L TN. The WWTF discharged approximately 67,000 lbs of total nitrogen into the Lamprey River in 2014. The WWTF improvements should reduce the total nitrogen discharge by 80 to 90 percent. The WWTF project will be going out to bid in 2015, and will be financed by the New Hampshire Department of Environmental Services State Revolving Loan Program and Rural Development.

The new WWTF discharge permit compliance schedule requires the Town to create a Total Nitrogen Tracking and Accounting System and Non-point Source Nitrogen Control Plan. The Town Council has approved Woodard and Curran Engineering to work with the Town to develop a Total Nitrogen Tracking and Accounting System. The Town has begun the work to complete the total nitrogen tracking for Newmarket. The Town staff will be working with the New Hampshire Department

of Environmental Services, University of New Hampshire Storm Water, and other communities to complete the accounting portion of the project. The Non-point Source Nitrogen Control plan will be completed after the Total Nitrogen Tracking and Accounting System is complete.

The new WWTF discharge permit also requires the Town to institute a Capacity Management Operation and Maintenance Plan for the wastewater collection system. The Department has been working with Wright-Pierce Engineering to complete the required plans and meet the submittal deadlines.

The Water Department continues to work on its compliance schedule to correct the Town's deficient water supply. The Town has hired Hazen and Sawyer to design the MacIntosh Well and Blending Facility. The Water Department hosted a water tasting night for town residents to determine the possible blends that could be used at the new blending facility. Water from the MacIntosh Well was blended with the Town's current water supply to create blends for the water tasting night. Residents tasted the different blends to determine the blend that the residents liked best, and to see if there were any blends the resident did not like at all. The 25% MacIntosh Well water blended with 75% of the current water supply was the most popular blend. This project will be going out to bid in 2015, and will be financed by the New Hampshire Department of Environmental Services State Revolving Loan Program.

Wright-Pierce Engineers was hired to design a new 12-inch water main to be installed on North Main Street from Bay Road to Simons Lane. The existing 6-inch water main has had multiple breaks in the past few years. The water main is also undersized and cannot supply enough fire flow for the area. The project will be going out to bid in 2015, and will be funded by Water CIP and Impact Fees monies.

Underwood Engineers was hired to design a new 16-inch water main to be installed from Route 108 in the vicinity of the car wash to the water tower located on Great Hill. The new 16-inch water main will replace an undersized 1894

12-inch water main. The new main will complete the 16-inch run from the water tower on Great Hill to the intersection of Main Street and Elm Street. This project will be going out to bid in 2015, and will be financed by the New Hampshire Department of Environmental Services State Revolving Loan Program.

Should you have any questions or comments, please contact me at 659-3093.

*Respectfully Submitted,
Sean T. Greig
Superintendent Water and Sewer*

Fire & Rescue

In 2014 the members of Newmarket Fire & Rescue responded to 996 calls, with a breakdown of 698 EMS calls and 298 fire calls.

The department currently has 45 volunteer members, 2 full time employees, and 1 part time employee. In February we welcomed aboard Gary Lemoine who filled one of the vacant full time positions. Gary worked for Newington Fire Department prior to joining our department and he brings valuable training and experience to the growing department.

The staff has been busy responding to emergency calls, issuing burn permits, maintaining the apparatus, training, and assisting with fire prevention duties.

We continue to do educational and fire prevention activities for the community. If your scouting troop, school, business, or neighborhood group is interested in a tour of the department or having someone speak to you, please contact the fire station.

A little prevention goes a long way! If there is a hydrant in front of your house make sure it is always visible by clearing away snow or tall grass. Make sure that your address is clearly marked and visible from the street. We highly recommend using green signs with reflective numbers placed at the end of your driveway. These signs are easy to spot either day or night. Have your chimneys, furnaces, and wood/pellet stoves cleaned and inspected annually.

Lastly, always remember to make sure that your smoke detectors and carbon monoxide detectors are operable and that you replace your batteries twice a year.

Please remember to get a permit before you light any outside fires, this includes fires in chimineas and fire rings. Burn permits are issued at the fire station Monday through Friday 7 A.M. – 5 P.M.

The Newmarket Fire and Rescue is now on Facebook. Like our page for important emergency information such as road closures, school cancellations, weather related events, as well as updates about the department.

To learn more about Newmarket Fire & Rescue visit our website at www.newmarketnh.gov/fire-rescue. If you have any questions or concerns, please do not hesitate to contact us at 659-3334.

On behalf of the members of Newmarket Fire & Rescue I would like to thank the community for supporting the department throughout the year. Our members are proud to serve the Town of Newmarket, and are committed to providing quality care to those who call.

*Respectfully Submitted,
Rick Malasky, Fire Chief*

Public Library

John Webster Hall (our library) has been serving the residents of Newmarket for 120 years. It is a handsome and significant structure that since 1884 has played a defining role in the cultural and physical landscape of Newmarket.

The library has weathered her years well and this year saw several significant maintenance issues addressed. All of the windows in the library have been replaced with energy efficient vinyl windows. All wooden exterior trim has been scraped, primed and received coats of fresh paint. During this process several wooden window sills and trim were found to be rotten and they were replaced. The children's room has been rearranged to better accommodate children's story times and other children's programs. The rearrangement

also allows more light in the windows to make it lighter and brighter. We also have new picture book bins which make books easier to see and access for our youngest patrons. Come and see the changes that we have made!

2014 was a year of growth for the Newmarket Public Library. Usage is up in all categories including patron visits, program attendance, new memberships, interlibrary loan requests, and public computer use. There was a 11% increase in total circulation and we added 604 new patrons which is a 31% increase over 2013.

The following groups meet regularly at the Newmarket Public Library: Our book group "Books 'n Coffee", the Newmarket Garden Club, the Girl Scouts, the Natasin dance group, Exeter Adult Education, Seacoast Reads, the Friends of the Newmarket Library group and the Library Trustees.

Last year residents took advantage of 186 free programs provided by the library. These included a summer reading program for children, free reading tutors for elementary aged children (Seacoast Reads), an on-going movie program with movies shown weekly, 5 book groups, 3 musical events at the library, a series of programs on organic gardening, a presentation by resident Captain Moskoﬀ on pirating, 2 puppet shows, a presentation on big trees, and author book talks. We also had informative events: 4 presentations/workshops on the Affordable Care Act, a workshop on how to properly winterize your home, a presentation on communicating with your teenage children, an AARP presentation on how to protect yourself from Fraud and AARP volunteers were available for free tax help in March.

In addition to the programs above, we offered a program funded by a grant from the New Hampshire Humanities Council: Lizzie Borden Took an Axe, or Did She? which was well attended.

The theme for the Summer Reading Program 2014 was *Fizz, Boom, Read*. Our children's librarian visited the Newmarket Elementary School and promoted the summer reading program to grades K-4. The library handed out 150 reading logs, of which 35 were

Newmarket Public Library*

completed and returned for a total of 727 books read. 35 children received certificates for completing the program. Congratulations readers! The library applied for and received a Kids, Books and Arts grant. This grant allowed us to kickoff *Fizz, Boom, Read* with a Magic of Science program.

Our Friends of the Library give generously of their time, talents and funds. They have had a productive year and are always looking for new Friends. Please visit the library website newmarketlibrary.org to find out more about the Friends of the Library. The Friends are in charge of library book sales from which proceeds are used to support the library. They hold a book sale monthly, please check the website for dates and times. This year the Friends generously funded several of our programs and purchased two new museum passes for us: The Seacoast Science Center and the Currier Museum of Art. Please visit our website to see all of our museum passes that are available. A big thanks to the Friends for funding these passes.

In January a new Circulation/Technology librarian was hired and she spent many hours assisting patrons with their technological needs. She provided basic computer skills such as email, web surfing, word processing, and on how to download books to their eReaders (by appointment only). Our patrons downloaded 3,474 free eBooks and audiobooks through the NH Downloadable Consortium. Our website has been expanded and we are now on Facebook: www.facebook.com/NewmarketPublicLibrary.

One of our major projects this year was the implementation of a more user friendly and a new look for our online catalog. The catalog uses many more graphics (book jackets) and allows you to “browse” our shelves online as you would as if you were in the library. To view it, visit our website newmarketlibrary.org and select catalog.

Thanks again for generous donations made to the library during the course of the year. We would also like to thank the Public Works Department for the care of the parking lot, walkways and grounds. Thanks for our volunteers

who donate their time to help at the library in various ways. The Newmarket Gardeners continue to maintain our library garden enjoyed by staff and patrons alike.

Every resident of Newmarket is entitled to a library card and we invite you to come and take advantage of the wonderful programs and services that we offer. Please come in, meet the staff and get your library card. Visit us on our website newmarketlibrary.org and on Facebook.

Goals for 2015

- Continue to keep and closely monitor usage statistics to detect trends in order to tailor library procedures and services to best suit patrons’ needs.
- Rearrange some of our book shelves so that we can create a small Young Adult area with a couple of seats, a table and their own shelf area of young adult books.

Statistics

- Added 604 new borrowers for a total of 6,547 borrowers.
- Total collection items: 42,673
- Total circulation (checkout and renewals) including *Interlibrary Loan counts and downloadable eBooks and audiobooks: 48,170
**Interlibrary Loan (ILL) are items that 1) we borrow from other NH libraries for our patrons and, 2) we lend to other libraries for their patrons.*

Police Department

The Newmarket Police Department’s dispatch center closed out 2014 with 19,637 calls for service which was down from 21,776 in 2013. This represents close to a ten percent decrease. This decrease is attributed to stabilization in the number of service type calls we receive. These service call numbers have been increasing consistently over the past ten years. While this could be considered good news I’m somewhat hesitant to say our department activity spike has stabilized with only one year of data.

The other numbers we look at are Criminal Investigations, Custodial Arrests, and Reportable Traffic Accidents. In 2014 we conducted 263 Criminal Investigations up from 259 in 2013. Custodial Arrests were down slightly totaling 251 in 2014 compared to 260 during 2013. Reportable motor vehicle accident totals were down slightly with 98 reported accidents in 2014 compared to 104 in 2013.

During the late summer and fall months, we received 40 reports of car breaks in town. Thieves entered unlocked vehicles and took whatever items of value were left inside. I am happy to report that we were successful in apprehending four persons and recovering some of the stolen property. I would urge all residents to keep their vehicles and residences locked to prevent these crimes of opportunity.

Illegal drug use has continued to pose serious problems for law enforcement in our country and here in the Seacoast. We have seen an upsurge in the amount of heroin cases and the crimes associated with addiction issues here in Newmarket and throughout the State. The highly addictive nature of heroin and prescription pain medications fuels many of the property crimes, thefts and robberies. We have investigated several crimes in our community related to drug addiction. The Newmarket Police Department remains committed to the strict enforcement of drug laws to preserve the quality of life in our community.

The Department experienced some turnover during 2014. Full-time Dispatcher Jennifer Stafford left to pursue full-time employment at the University of New Hampshire. Jen did a great job for us here and she will be sorely missed. We were extremely fortunate to hire Tara McKinlay as the newest member of the dispatch crew. Tara is an experienced dispatcher with several years of experience dispatching for the Portsmouth Police Department. She has made an excellent addition to our very experienced team.

Dispatchers are the unsung heroes of any emergency service agency. They provide the connection between the public we serve and the police, fire and

emergency medical service personnel. In an instant they can go from quiet phones and radios to pandemonium. A good dispatcher has to be able to multi-task and handle multiple issues simultaneously. They must ensure that the communications link never breaks down. They truly have the hardest job. Good dispatchers are very hard to find. We are extremely fortunate to have such a dedicated team committed to public service.

Over the Thanksgiving holiday the department and particularly the dispatch center were extremely busy dealing with storm related calls. From blocked roads to alarm calls to questions about when the power would come on, dispatch fielded nearly 349 calls in a 24 hour period. To put this in perspective, we received 1565 calls for the entire month of November. Twenty-two percent of all the calls we received for the entire month happened in a 24 hour period over the outage. Unfortunately they weren't able to inform residents when the power would be restored, since even the police station was without power, but we were able to provide all police related services. A reminder to residents that reporting power outages and questions related to restoration of power should be directed to Public Service of New Hampshire at 1-800-662-7764.

The New Hampshire Police Standards and Training Council provide basic training and certification of all police officers statewide. With each Academy Class Session the Training Council selects one experienced police officer from a local agency and one State Trooper, to assist the academy with the training of the cadets as members of the Cadre. Cadre members are selected for their level of experience training and professionalism. I am happy to announce that Detective Scott Kukesh has been chosen to be a Cadre member for the spring academy class. Scott is only the third Newmarket officer in the last 25 years to have received this appointment. I know he'll do an excellent job.

Newmarket PD Canine "Nicki"

I am happy to report to you that we have another new member of our Department. In September we received a grant from the Working Dog Foundation, to acquire drug detection and search canine. Nicki is a female German shepherd who received her initial training at a police canine training facility in Canada. We received her at no cost to the Town through a grant from the

Working Dog Foundation here in the Seacoast. In addition we have received generous donations towards food and veterinary medical care to get our program up and running. The remainder of the startup costs was covered by Drug Seizure Funds, resulting in no cost to the taxpayers.

Nicki has been assigned to Officer Nick Drew and she will accompany him on his daily shifts and is available for call out when we need her. She will provide us with another tool to enforce the illegal drug laws. In addition to drug detection and location, she will be cross trained to provide us with the ability to search for evidence and for people. This will be extremely useful should we find it necessary to search for a lost child or a dementia patient.

In other Department news, School Resource Officer Wayne Stevens recently received National Practitioner Status from the National Association of School Resource Officers. This prestigious accreditation status is granted to those officers who have attained a high level of specialized training and experience in their field. National Practitioners are sought after to mentor and train new SRO's and are considered leaders in their field. There are only a handful of NH Resource Officers to receive this level of recognition.

In addition Officer Stevens has also received recognition as an expert in school campus safety assessment. This certification recognizes his expertise in the development of school safety and emergency plans and assessing the physical security of the buildings. Wayne is one of only two officers in the State of New Hampshire who holds this certification. We are very fortunate to have Wayne working here in Newmarket with our students and school staff. I congratulate him on achieving this National recognition.

Earlier in 2014 Lieutenant Kyle True and Sergeant Rick Beaudet put on a presentation on internet

Officer Drew with young residents

and telephone scams for Newmarket's seniors at the Sunrise Sunset Center. Scams and identity theft are becoming more frequent. Citizens are urged to never give out their personal information over the telephone, and to report any unusual calls or internet solicitations to the police department.

In December, Officer Steve O'Brien held his first "Coffee with a Cop", event at Crackskull's on Main Street. Officer O'Brien modeled his gathering on a National program by the same name. This program gives residents an opportunity to meet their local police officers in a casual social setting over a cup of coffee and ask questions about police work. It also gives the officers a chance to meet some residents they may not have had the opportunity to meet. It is an important way for the officers to establish a connection with the residents and for the residents to meet their police officers. We hope to hold additional meetings in 2015. We'll announce these on the Department web page.

We would like to thank those residents who took the time to send cards, baked goods and pizza to the police station during National Thank a Police Officer Week. The thanks, words of encouragement and the food were very much appreciated by all of us. It shows us what great community support we have and how lucky we are to serve in Newmarket.

Our invitation to call us or visit the police department remains open. We welcome the opportunity to answer questions from our residents about how we conduct business and look for input on how we could better serve our community. Please call us whenever we can be of assistance.

Respectfully Submitted,
Kevin P. Cyr
Chief of Police

Recreation Department

This 2014 fiscal year the Recreation Department raised \$228,883.50 in revenue from programs, rentals, and advertising. The Recreation Department through the means of a revolving account plans

to take \$191,172.00 off the tax roll to reduce the Town's taxes in fiscal year 2014–2015. We invite you, our town residents, to read what your Recreation Department has accomplished in your community in the year 2014.

2014 Rec Connect, the NEW Community, Relations, & Collaboration program was the department's shining star for 2013–2014. It alone helped the department raised over \$3,500 in advertising via the community event calendar, town map and recreation brochure (offered both online and in print). The program also helped to increase annual community event sponsorship revenue by more than \$2000 by way of its collaboration efforts with other Newmarket organizations and the Newmarket Business Association in streamlining communications and the sharing of community resources. Rec Connect's *Newmarket NewBee Program*, continues to receive rave reviews as a valuable resource providing new residents all the latest "Buzz" regarding important Newmarket community information in a "one stop communication shopping" packet which is distributed at the Town Clerk's Office. Last spring Rec Connect gave back to the community by recognizing several community leaders in town at the Annual Rec Connect May Mixer. *Rec-Connect* will continue to span out in its services to the town with little to no overhead costs due to the very nature of its mission and because it's the right thing to do. We are happy to report that the Recreation department has only just scratched the surface of this Rec-Connect gold mine where community, collaborations and communication = happy residents.

New Recreation News: The management team of the Recreation Department took decisive action during the 2013–2014 fiscal year by targeting new rental opportunities for additional revenue. The Department is also pinpointed new revenue streams featured in the Recreation brochure. These programs leveraged the department's revenue and allowed the Recreation Department to increase revenue by 10% more than the 2012–2013 fiscal year. The Recreation Department has been busy developing new cost centers and revenue sources that will

capture revenue throughout the course of the year, and increase traffic into the center to promote other programs that the Recreation department offers. The first cost center was a room that housed the Recreation Director's office. This room now has been converted into a Fun and Fit room for ages 5 and under. The Recreation Department has had great success with preschool programs over the past 5 years and now is expanding its offerings to that population. This dedicated room has a matted floor, plus lots of age appropriate play equipment for young children to crawl under, through or slide down. The second cost center is the Fit and Flex Dance Studio. This room housed the Recreation Game Room for the past 17 years. The usage of this room in 2013–14 had been nominal. A 21st century retrofit of this room was badly needed and a wood laminate floor was installed, ballet rails were fastened to one wall and the room painted. This room offers many kinds of dance and fitness options that will be exciting to all ages. Plans for this room include the following programs; Blooming Ballerinas, Dance Fit, Adult strength and fitness programs, Hip Hop, Theatre Movement, Cheering, Tai Chi, Yoga, Ballroom Dancing, and Bone Builders.

Rentals: The Recreation Department has been busy in promoting and then booking rental opportunities in order to increase revenue. The department added birthday parties to its offerings and has already booked two parties. The A field that is used for baseball is now available for rental and the B1 premier softball field has been booked for one day a week all summer with an outside league that resulted in over \$600.00 in rental revenue. The Recreation Department will rent the conference room, the multi-purpose room, and the fit and fun room in the Community Center. The outside amenities were made available for rentals are the outdoor gazebo, the stage with stadium hill seating, and the regulation outdoor sand volleyball court.

2014 New and Innovative Seasonal Recreation Programming

The fall soccer season began in September with 150 enrolled. This is the first year addition to the Recreation Department program offerings which was one

of the major contributors to the increase in revenue for the department. The program is run by all volunteer coaches and coordinated by the department's sports coordinator.

Star Performer Preschool soccer program continued to bust at the seams with Jean Holmes joining our staff as the Sports Coordinator. The programs include soccer, basketball, soft hockey, and t-ball for 3 to 5 year olds.

The 5 and 6 year old Tee-Ball League for children had 44 participants.

Hershey Track and Field continued to be in the winner's circle. Newmarket Youth Track Club also expanded and was sponsored by Loco Sports with new uniforms. Hershey Track and Field had its Regional meet at Dover High School with 22 Newmarket track stars, doubling last year's numbers. Newmarket won 5 first places at Hershey State Track Meet in 2013-2014.

Girls Lacrosse was a new program that was offered in the spring with 12 participants. This program has a huge potential for becoming the next recreation team sport option.

Spring Flag Football and the fall NFL Flag Football program continued to grow at a steady rate.

The Wanna Iguana Monday's continued to thrive and the First Student bus delivered the 14 participants right to the Community Center at no extra charge.

Preschool Play Group continued to be popular with 10 children coming regularly every Monday-Wednesday and Friday mornings and the younger group of 8 children meet on Tuesday and Thursdays.

A Briefing on our 2013-2014

Seasonal Special Events

The 19th Annual Daddy/Daughter Date Night took place at the Rockingham Ballroom. Over 169 girls attended the event with their escorts. Over 350 participants attended which proved to be the largest attendance ever for this event. The theme was Under the Sea and the Rockingham Ballroom was transformed into an underwater play land.

The 'Eggs-travaganza' Egg Hunt was a huge success again this year with over 500 residents attending the event. The event took place at the Leo Landroche

Field Complex in April. There were over 4,000 eggs hidden and 3,000 of the eggs utilized for the hunt were recycled from last year's hunt to cut expenses.

Mommy and Me Tea was a hit again this year. The Tea is held at the Community Center with moms and daughters and grandmothers and granddaughters.

The 25th Annual Fishing Derby had over 150 participants in 2014. The event was tri-sponsored by the Recreation Department, the Conservation Commission, and Boy Scout Troop 200.

The Recreation Department ran its 25th Annual Drive In at the Movies for the camp and families of Newmarket over 220 parents and children attended this special event.

The Halloween Haunt took place in October from 3:30-6:00 P.M. The event had many new games and activities located at Schanda Park. The parade occurred at the end of the event with glow in the dark balloons hung along the way and ended at the waterfront with a Jack-o-Lantern Spooktacular finale. There were over 2,000 children and parents who attended and participated in the Halloween Haunt. This is the largest event the department has ever run.

The Mother/Son Dance took place in November at the Community Center. Over 43 boys and their moms attended "A Trip into Wildcat Country" with the UNH Football players visiting the event along with Wild E Wild E. Cat.

The Holiday Spirit came alive at Newmarket's first Very Merry Main Street Celebration and the Holiday Party in the Mill space in Newmarket. There were activities going on for all ages! The Recreation Department had record numbers attending this year's holiday party and tripled the attendances of years past. The 25th Annual Giving Tree was lit by Newmarket Town Council Chair Gary Levy and was well attended by many residents and dignitaries. The Giving Tree marks the beginning of the Holiday Season and kicked off Operation Santa Claus.

Newmarket Recreation's 2013 Summer Camp Program: Camp Wanna Iguana

The Recreation Department's Wanna Iguana Day Camp program had 225 campers enrolled for Day Camp. The

camp was very successful and camp numbers continue to be high with most campers attending camp every day. The camp was jammed full of special events and wacky activities that were planned out. Many thanks and kudos to Aimee Gigandet, Assistant Recreation Director, for stepping into the role as Day Camp Director for the third year in a row.

Newmarket Recreation's Sunrise Sunset 55+ Activity Center

The Sunrise Sunset Activity Center was very busy in 2013-2014 with the addition of several new activities held at the center. Many of these activities were even run by seniors themselves, which allowed the center to expand its offerings. Bone Builders' had capacity attendance from September to December. The Sunrise Sunset Center Special has worked out an agreement with Lamprey Health Care for free bus pick up one day a month for a year. The regulars at the center were very verbal of the bus service that was provided and asked if it could continue to bring their old friends to the Sunrise Sunset Center specials. Sunrise Sunset Center held its 5th annual Jubilee celebration "Saddle Up," on September 20th. The event drew 110 participants and was deemed a huge success from all the seniors who participated. The event was held at the Sunrise Sunset Center and also at the Community Center for the barbecue and western dancing followed by bingo. The Sunrise Sunset Activity Center continued to shine during the Holiday Season with Thanksgiving and Christmas Specials drawing seniors to the center. Programs continue to run all week long with radiant floor heat at the Sunrise Sunset Activity Center that keeps seniors warm and toasty on cold wintery days. In June, Martha McNeil retired from the position of the Sunrise Sunset Program Coordinator and will be dearly missed by all of us for the time and effort she put in at the center to make it so successful.

We are here to Rec your Day in Every Way by inviting each and every resident of Newmarket to participate and enjoy themselves in Newmarket Recreation activities! In exchange we will continue to create an inclusive recreation culture so that all members of

our community, regardless of differences of background, can participate in recreational outlets that they can enjoy throughout the year.

*Jim Hilton, Recreation Director;
Aimee Gigandet, Assistant Recreation
Director; Dee McCarthy, Office Manager*

Veterans Memorial Trust

The Newmarket Veterans Memorial Trust oversees the establishment, maintenance, care and improvements of the town memorials. Our task is to create a new memorial as a “permanent” listing of those veterans who served in the country’s armed conflicts from WWII to the present. To that end, the committee continues to gather and verify names of those Newmarket residents who served active duty in the time of war.

We actively seek outside sources of income to fund this new memorial. This year we will be holding our 2015 Armed Forces Day Golf Tournament on Saturday, May 17 at the Pease Golf Course, Portsmouth. For further information, please follow the Town’s website or contact any committee member. Our last golf tournament, with the cooperation of our corporate sponsors, Newmarket’s American Legion, Legion Auxiliary and Sons of the American Legion was a sold-out event which raised over seven thousand dollars.

This past year we erected two memorial plaques: one at the old Newmarket Cemetery honoring the Sons of American Legion who placed the stone and flagpole in honor of those veterans buried there who fought in the Revolutionary War, War of 1812, and the Civil War; the other plaque was placed at the Riverside Cemetery Cannon (a 57 MM anti-tank cannon donated by the US Army after WWII). We also contracted Auto Excellence to renovate and paint our other identical cannon at the White Memorial on Durhamside which will be done in 2015.

We have documented water damage to the steps and structure of the Bandstand, and we will be seeking to have

the necessary repairs done before they become irreparable.

The New Market Historical Society sponsored a Civil War enactment during Old Home Day on August 23rd by The 5th Regiment New Hampshire Volunteers (<http://fifthnhvol.org/welcome.htm>). At the end of their program, they marched down the hill to the G.A.R. Monument for a final tribute. Information on all of Newmarket’s Civil War veterans can now be found by visiting the military link on the New Market Historical Society website (www.newmarketnhhistoricalsociety.org).

We are in the process of assisting the Historical Society gather information on our WWI veterans in order to post similar biographies in time for the 100th anniversary of our involvement in The Great War.

At Christmas time we again decorated the “Honor Tree” in a program initiated by the Blue Star Mothers, whereby local schoolchildren from the Linked Together Program create service stars with photos of fallen veterans and placed them in the display case in the Town Hall. We also participated in Linked Together’s “Teens for Jeans” denim drive.

We continue to seek out those veterans from the Viet Nam era up to the present day “War on Terror” who are willing to recount what the reality was/is on the frontlines for our taped forum series. Please contact committee member Patrick Marsh or David Wade if you wish to participate in these round table forums.

*Submitted by Janice Rosa, Chairman,
Newmarket Veterans Memorial Trust
Committee*

Town Clerk & Tax Collector

...“to provide each of our residents with professional Town Services in a timely and courteous manner.”

Motor Vehicle and Boat Registrations

Again this year, motor vehicle revenue continues a slow and steady rise, due

to the increased number of vehicles being registered and the number of newer vehicles being purchased. Additionally, our office is on-line with the DMV for boat registrations, allowing the capability and efficiency to process renewal & new boat registrations in the same manner as motor vehicles.

Property Taxes

The property tax year is April 1 to March 31. Taxes are billed twice yearly and are typically due July 1 and December 1. The July bill is an *estimate*, based on 50% of the previous year’s tax rate. The State sets our tax rate each fall based on town, school, and county approved budgets and projected State revenues. The December bill reflects the increase/decrease necessary to collect the full amount set by the State. Liens on unpaid taxes and water/sewer amounts are generally perfected (secured) in April through a statutory process. Tax liens accrue interest at 18%. If tax liens are *not redeemed within 2 years*, the Tax Collector must deed the property to the Town.

Online Payments...

Debit & Credit Cards

Credit Cards are accepted on-line and at the counter (fees apply, charged by the payment provider). The Town does not incur/receive any fees for this service. Online bill payment is available at www.newmarketnh.gov. As always, checks and cash are accepted forms of payment at our counter.

Vital Records

Certified copies of the following NEW HAMPSHIRE records are available at Town Clerk’s Office:

- Birth Certificates/1982–present
- Civil Union/2008–2009
- Death Certificates/1990–present
- Divorce/1990–present
- Marriage Certificates/1989–present
- Civil Union Dissolutions/
2008–present

Some earlier birth, death, and marriage records are also available.

Cost is \$15/certified copy; \$10 for each additional copy purchased at same time. Marriage Licenses are \$45. Any couple wishing to be married at Town Hall during business hours (brief civil

ceremony by Justice of Peace) may do so by appointment. Fee is \$25 payable to the Town.

Dogs

Licenses are due April 30th each year (State Law). We typically have the licenses available after January 1.

Fees: \$10.00 Male/Female

\$ 7.50 Spayed/Neutered

\$ 3.00 Senior Citizen (1st dog only, if own more than one)

Civil forfeitures (\$30.00 per dog) are issued to owners of dogs not licensed by June 20. (RSA 466:14)

Water & Sewer

Billed quarterly; payments are received and processed in our office. Property tax liens are executed in April for

any unpaid water and sewer bills. (See "Property Taxes" above)

Other Services

Safekeeping Town records, voter registration, facilitating and carrying out all elections; transfer station coupons; trash bags; recycle bins, tax map copies, town regulations, wetland applications, peddler & hawker permits, pole licenses, and notary public.

Staff

Our staff continues to work diligently to maintain our reputation of providing efficient and courteous service to all Newmarket residents. Our very capable team (Donna Dugal, Deputy Town Clerk-Tax Collector, Deb McCain & Judi Harvey) welcomes the opportunity to assist you.

Please feel free to contact us—by phone, email, or in person—with any comments, questions, or concerns regarding your Town Clerk-Tax Collector Office. Together we will continue to make Newmarket a wonderful community in which to live and work.

Office Hours

Monday, Tuesday, & Thursday

7 a.m. to 5 p.m.

Wednesday 7 a.m. to 7 p.m.

Closed Fridays.

(A secure 24-hour payment drop box is located on the right side of Town Hall building.)

Respectfully submitted,

Terri J. Littlefield

Town Clerk-Tax Collector

TOWN OF NEWMARKET ORDINANCES

Ordinances

2014-2015-01	Water Regulations (Passed December 17, 2014)
2013-2014-01	Adoption of the Administrative Code (Tabled November 6, 2013) (Taken Off the Table March 19, 2014)
2013-2014-02	Elections (Passed May 7, 2014)

NOTICE

If you own real estate lots that were involuntarily merged by municipal action, you may be able to have those lots restored to their pre-merger status.

Your property may qualify if two or more lots were merged for zoning, assessing, or taxation purposes and the merger occurred:

- During your ownership, without your consent; or
- Prior to your ownership, if no previous owner consented to the merger.

To restore your property to pre-merger status, you must:

- Make a request to the local governing body
- No later than December 31, 2016

Once restored:

Your properties will once again become separate lots; however, they must still conform to applicable land use ordinances. Restoration does not cure non-conformity.

Read the full statute at RSA 674:39-aa Restoration of Involuntarily Merged Lots.

2015 Town Warrant and Budget

TOWN *of* NEWMARKET, NEW HAMPSHIRE

TOWN MEETING WARRANT

To the inhabitants of the Town of Newmarket, County of Rockingham, in the State of New Hampshire, qualified to vote in Town affairs:

FIRST SESSION

You are hereby notified to meet for the First (Deliberative) Session of the annual budgetary town meeting, to be held at the Newmarket High School, Newmarket, NH on the thirty-first day of January 2015 being a Saturday, at nine o'clock in the forenoon (9:00 A.M.) The First (Deliberative) Session will consist of explanation, discussion, and debate of each of the following warrant articles, and will afford those voters who are present the opportunity to propose, debate and adopt amendments to each warrant article, except those articles whose wording is prescribed by state law.

SECOND SESSION

You are also notified to meet for the Second Session of the annual town meeting, to elect town officers by official ballot and to vote by official ballot on the warrant articles as they may have been amended at the First Session, to be held at the Newmarket Town Hall, Newmarket NH, on the tenth day of March 2015, being Tuesday, at seven o'clock in the forenoon (the polls are to be open at 7:00 A.M. and may not close prior to 7:00 P.M.) to act upon the following:

Article T- 1. To choose the following officers for the coming year:

Two Town Councilors Three Years

One Town Councilor.....One Year

Three Municipal Budget Committee Members..... Three Years

One Town Clerk - Tax Collector	Three Years
One Supervisor of the Checklist	Three Years
Two Planning Board Members	Three Years
One Trustee of the Trust Funds.....	Three Years
One Trustee of the Trust Funds.....	One Year

Article T- 2. Shall the municipality approve the charter amendment as summarized below?

This Amendment would authorize the Town of Newmarket, through its annual budgetary process, to appropriate funds and anticipated revenues to previously established capital reserve funds, expendable trust funds and other funds, as part of the Town’s operating budget.

Amend the Town Charter by adding the new underlined language as follows:

5.4. Use of Official Ballot.

I. “Operating budget” as used in this section means “budget” as defined in RSA 32:3, III, exclusive of “special warrant articles”, as defined in RSA 32:3, VI(a)(b)(d) and (e). The “Operating budget” may include appropriations and anticipated revenues to funds previously established by the legislative body as defined in RSA 32:3, VI(c). This amendment shall be effective upon passage.

(Majority Vote Required) *Recommended by the Town Council 7-0.*

Article T- 3. To see if the Town will raise and appropriate as an operating budget, not including appropriations by special warrant articles, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$9,107,827? Should this article be defeated, the default budget shall be \$8,981,111 which is the same as last year, with certain adjustments required by previous action of the Town or by law; or the Town Council may hold one special meeting, to take up the issue of a revised operating budget only. If passed, it is estimated that passage of this article will amount to \$6.01 of the tax rate, which is a twenty-one cent decrease over the previous year. If the article is defeated, the default budget will amount to \$5.83,

which is thirty-nine cent decrease over the previous year. (Majority vote required)
Recommended by the Municipal Budget Committee 11-0. Recommended by the Town Council 7-0.

- Article T- 4.** To see if the Town will vote to approve the cost items included in the collective bargaining agreement reached between the Town of Newmarket and the New England Police Benevolent Association Local 215, which represents the Police Employees, which calls for the following increases in salaries and benefits at the current staffing level:

<u>Year</u>	<u>Estimated Salary and Salary Driven Benefits Increase</u>
Fiscal Year Ending June 30, 2016	\$25,240
Fiscal Year Ending June 30, 2017	\$19,577
Fiscal Year Ending June 30, 2018	\$16,458

and further to raise and appropriate the sum of twenty five thousand two hundred forty dollars (\$25,240) for the fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits required by the new agreement over those that would be paid at current staffing levels. There will be a four-cent impact on the tax rate. (Majority vote required) *Recommended by the Town Council by a vote of 6-0. Recommended by the Municipal Budget Committee by a vote of 11-0.*

- Article T- 5.** To see if the Town will vote to raise and appropriate the sum of one hundred thirty thousand dollars (\$130,000) from fund balance to be placed in the previously established Public Works Capital Reserve Fund. There will be no impact on the tax rate. (Majority vote required) *Recommended by the Town Council by a vote of 6-0. Recommended by the Municipal Budget Committee by a vote of 10-1.*

- Article T- 6.** To see if the Town will vote to raise and appropriate the sum of fifty thousand dollars (\$50,000) from fund balance to be placed in the previously established Storm Water Management Capital Reserve Fund. There will be no impact on the tax rate. (Majority vote required) *Recommended by the Town Council by a vote of 6-0. Recommended by the Municipal Budget Committee by a vote of 11-0.*

- Article T- 7.** To see if the Town will vote to raise and appropriate the sum of fifty thousand dollars (\$50,000) from fund balance to be placed in the previously established Macallen Dam

Capital Reserve Fund . There will be no impact on the tax rate. (Majority vote required)
Recommended by the Town Council by a vote of 6-0. Recommended by the Municipal Budget Committee by a vote of 11-0.

Article T- 8. To see if the Town will vote to raise and appropriate the sum of forty six thousand five hundred dollars (\$46,500) from fund balance to be placed in the previously established Police Vehicle Capital Reserve Fund. There will be no impact on the tax rate. (Majority vote required) Recommended by the Town Council by a vote of 6-0. *Recommended by the Municipal Budget Committee by a vote of 8-3.*

Article T- 9. To see if the Town will vote to raise and appropriate the sum of ten thousand dollars (\$10,000) from fund balance to be placed in the previously established Compensated Absences Capital Reserve Fund. There will be no impact on the tax rate. (Majority vote required) *Recommended by the Town Council by a vote of 6-0. Recommended by the Municipal Budget Committee by a vote of 11-0.*

Article T- 10. To see if the town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of planning, engineering, and maintenance of Town roads and to raise and appropriate the sum of one hundred twenty five thousand dollars (\$125,000) from fund balance to be placed in this fund and further to name the Town Council as agents to expend the fund. There will be no impact on the tax rate. Majority vote required *Recommended by the Town Council by a vote of 6-0. Recommended by the Municipal Budget Committee by a vote of 11-0.*

Article T- 11. To see if the Town will vote to raise and appropriate the sum of twenty nine thousand four hundred forty nine dollars (\$29,449) from fund balance to be placed in the previously established Police Dispatch Capital Reserve Fund . There will be no impact on the tax rate. (Majority vote required) *Recommended by the Town Council by a vote of 6-0. Recommended by the Municipal Budget Committee by a vote of 9-2.*

Article T- 12. To see if the Town will vote to raise and appropriate the sum of ten thousand dollars (\$10,000) from fund balance to be placed in the previously established Revaluation Capital Reserve Fund. There will be no impact on the tax rate. (Majority vote required)

Recommended by the Town Council by a vote of 6-0. Recommended by the Municipal Budget Committee by a vote of 11-0.

Article T- 13. To see if the Town will vote to raise and appropriate the sum of fifty thousand dollars (\$50,000) from fund balance to be placed in the previously established Fire Department Capital Reserve Fund. There will be no impact on the tax rate (Majority vote required) *Recommended by the Town Council by a vote of 6-0. Recommended by the Municipal Budget Committee by a vote of 11-0.*

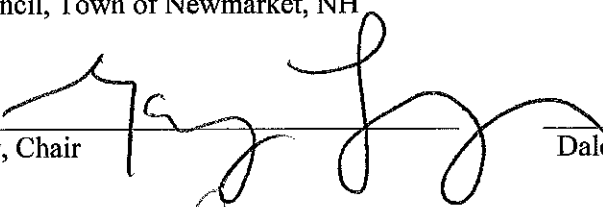

Article T- 14. To see if the Town will vote to raise and appropriate the sum of two thousand dollars (\$2,000) from fund balance to be placed in the previously established Town of Newmarket Tri-centennial Expendable Trust Fund. There will be no impact on the tax rate. (Majority vote required) *Recommended by the Town Council by a vote of 6-0. Recommended by the Municipal Budget Committee by a vote of 11-0.*

Article T- 15. To see if the town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of conducting the Master Plan and to raise and appropriate the sum of ten thousand dollars (\$10,000) from fund balance to be placed in this fund and further to name the Town Council as agents to expend the fund. There will be no impact on the tax rate. (Majority vote required) *Recommended by the Town Council by a vote of 6-0. Recommended by the Municipal Budget Committee by a vote of 11-0.*

Article T- 16. **By Petition** To see if the town will vote to raise and appropriate the amount of \$10,403 for the Lamprey Health Care Senior Transportation. There will be a one-cent impact on the tax rate. (Majority vote required) *Recommended by the Town Council by a vote of 4-2. Not recommended by the Municipal Budget Committee 0-6-1 abstention.*

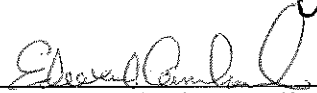

Given under our hands and seals this 22 day of January, in the year of our Lord, Two Thousand and Fifteen.

DEFAULT BUDGET OF THE TOWN

RSA 40:13, IX (b) "Default budget" as used in this subdivision means the amount of the same appropriations as contained in the operating budget authorized for the previous year, reduced and increased, as the case may be, by debt service, contracts, and other obligations previously incurred or mandated by law, and reduced by one-time expenditures contained in the operating budget. For the purposes of this paragraph, one-time expenditures shall be appropriations not likely to recur in the succeeding budget, as determined by the governing body, unless the provisions of RSA 40:14-b are adopted, of the local political subdivision.

This form was posted with the warrant on:

1/23/15

Instructions

1. Use this form to list the default budget calculation in the appropriate columns.
2. Post this form or any amended version with proposed operating budget (MS-636 or MS-737) and the warrant.
3. Per RSA 40:13, XI, (a), the default budget shall be disclosed at the first budget hearing.

Christopher Hawkins, *Moderator*

Penny Botterman, *Clerk*

Mission Statement

The Newmarket School District is committed to the highest standards of quality education. We ensure a safe and successful learning community. We embrace diversity and respond to the social, emotional, intellectual and physical needs of every child. We strive to work with the broader community to ensure that students develop lifelong skills enabling them to be contributing and productive members of society.

Letters to the Community

School Board

**Gail Durocher-Wentworth,
Chairperson**

Dear Newmarket,

This year has been busy for us all! The School Board started March of 2014 with the reality that we still faced facility issues at both the elementary and Jr/Sr high school and an incredibly divided community. We recognized the need to include more voices and to create a transparent process towards solving these challenges.

Other changes occurred as well; the makeup of the Board changed when a new member was voted in, a veteran member needed to step down, our Superintendent submitted his letter of retirement, a new member was appointed to join us for our endeavors, and we hired a new interim Superintendent. I am certain more changes have occurred as well.

Regardless, the Board felt incredible support from the community when asked to work together with other elected officials to find a way to solve the facilities' issues. This support inspired the Board to ask both Chairs of the School Board and Town Council to meet and discuss potentials. From this, a proactive and transparent approach was explored, supported by the community, and approved by both elected bodies through a monumental, first time ever meeting of both Town Council and School Board to create a Joint Advisory Committee consisting of Town Council, School Board, and unanimously approved community members to work side-by-side and with extremely knowledgeable experts from the state. The entire membership represented a wide cross-section of the town. Each member brought with them a wealth of knowledge, experience, and perspectives.

This group, now referred to as the JAC, explored three options for Newmarket's schools; a new building, an addition/renovation, and a tuition agreement with another school district. Within each option the group weighed

quality, viability, winnability, and financial aspects which will result in a final report for the entire town to read, review, and drive the Board's decision as to which options to explore. This process has been the most thorough and transparent of its kind. In other words, an invaluable experience.

As I write this, the work and report from the JAC is being completed. I would like to thank the incredible dedication that each member brought with them. To add to this, I want to thank this amazing community for their patience and understanding during this process. I feel we have come together more as a community in realizing what this process and final report has offered us as a town- research instead of assumptions and accuracy instead of speed. We truly have become a community that is willing to discuss and explore the tough questions and potential options together.

While the JAC researched those options, the Board was able to focus on other educational matters. We no longer had to focus entirely on the facility question. We established goals that focused our work on more community outreach, communication, student learning, finances, policy, and collaborative work.

In general, the School Board and town of Newmarket, NH, has undergone an incredible metamorphosis. We have learned how we can all become more active as advocates, regardless of which "side" of the issue we stand upon. Ultimately, we have been able to come together to see that regardless of our differences, we all truly want what is best for this beautiful town. Thank you for an incredible experience.

Superintendent of Schools

Dr. Michael J Martin

From the onset, The Newmarket School Board made it clear that the

superintendent's number one focus was the quality of education here in Newmarket and to present ideas for discussion on how to make it better. In the fall, after conversations with the administrative team, two major initiatives were introduced as part of the focus on improving education; full day kindergarten and technology.

Kindergarten Study

In late October, the Newmarket School Board approved the formation of a task force to study the feasibility of implementing full day kindergarten in the district. A task force was formed, meetings were held, progress presentations were made to the board, an online survey was conducted, and information was collected. There is a link on the district website that contains information including survey results, and PowerPoint presentations. The residents of Newmarket will have the opportunity to vote on full day kindergarten, Tuesday, March 10, 2015.

Technology

The second initiative: Technology. In recent years the district has improved the network in the schools, added computers, mobile work stations and upgraded the wireless. This work will continue next year as well. In addition, a proposal has been brought forward for the one to one laptop initiative for students. This pilot will be the first step toward the transition from printed materials, to text, video sound and research capabilities. Helping our students to develop and master the necessary technology skills will increase their opportunities for future success.

Policy

To a superintendent, the school district policies are the guidelines for moving forward and solving problems. We continue to review and update existing policies as well as write new ones. Our policy manual serves as the foundation for good decision making by providing the guidelines and process for solving issues.

Phase III of the Fire and Life Safety

Phase III of the Fire and Life Safety Plan is under way. This year's portion requires the installation of an elevator, enclosing stairwell for fire safety, providing minor modifications to ramps between the 1965 building and the 1925 building section in order to attain compliance, and to remove a platform lift that prevents the use of a central stairway. The Fire and Life Safety Plan is an extremely important project not only for safety reasons but also for student, staff, and community to access all portions of the building especially those with mobility concerns. Work is beginning now with the goal that it will be completed for the beginning of the 2015–2016 school year.

Curriculum, Instruction and Assessment

The Newmarket School District continued to explore and fine tune our use of data from various assessments to look at curriculum design, instructional strategies, and student services. Our district data manager has continued to work with staff and administration in training for data collection and interpretation. The continued practice of looking at assessment data is part of our goal to improve and strengthen academic achievement for all students. We have continued to work with staff on preparation for participation in the 2014–15 Smarter Balance Assessment. This

assessment will serve as a baseline point of informing staff and students of our work with the state's College and Career Ready Standards.

I have truly appreciated the opportunity to serve the Newmarket community as your interim superintendent for the 2014–15 school year.

Junior/Senior High School

Christopher Andriski, Principal

For the third straight summer, Newmarket Jr. /Sr. High School was under construction as we look to complete the second to last phase of Fire and Life Safety upgrades. The majority of the work completed was done in the 1924 portion of the building. Meridian Construction worked closely with local plumbers, electricians, heating and cooling, drywall, flooring, and painting companies, as well as our own custodial staff. Some of the changes that occurred were:

Both stairwells were enclosed and equipped with fire doors. A wheel chair accessible ramp was installed at the end of the Consumer Science classroom. Rooms 200, 201, 204, 206 and 208 had new ceilings, floors, paint, and electrical

installed. Rooms 203 and 205 were equipped with new ceilings, paint and electrical. The upstairs teacher's room received new floors, ceilings, paint and a new bathroom that now meet ADA requirements. The entire upstairs portion of the 1924 building was insulated and the hallway received new paint, ceilings and lighting. Rooms 208 and 203 also received an added book closet to assist with our storage needs for the English and Social Studies Departments.

Technology was another area that received major upgrades over the summer. Technology Director Jason Carey and his assistant Christopher Cooney installed a new wireless network that more than doubled the access points throughout the building. This new network has also allowed guests of Newmarket Jr./Sr. High School to log-on to our guest network without hampering the productivity of staff and students. Google Applications are fully installed and used by students throughout the district. A number of grades in the Jr./Sr. High School conduct all of their classwork through Google Drive.

A new phone system was installed throughout the district that is not only more efficient, but also saved the school district close to \$40,000.00 annually. The remaining 12 classrooms were equipped with hanging LCD projectors and viewing screens. The technology hardware for faculty and staff has been upgraded and a technology hardware rotation schedule has been adopted.

The staff has been in transition throughout the year as we have 13 new members on our faculty. The English Department was most affected by staffing changes. We are glad to introduce Ms. Bowen to grade 10, Ms. Guerino to grade 9 and Ms. Guthro to grade 8. In the World Languages Department we are excited to welcome first year teacher Ms. Copeland to our school. Mr. Cabana will be covering a maternity leave for the remainder of the year in 9th grade US History. In November we were glad to welcome back Ms. Mastin from her maternity leave. In the Art Department, Mr. Kane and Ms. Boisvert took over for Industrial Arts and an Art opening respectively. Ms. Stern begins her first full year as the District's Library Media

Specialist. In the Special Education Department, Mr. Neri has taken over as the Transition Coordinator, Ms. Freeman is our new School Psychologist, Ms. Grager took over as a High School Case Manager and Ms. Cochran is the Special Education Building Coordinator.

Our Students Give Back...

- Interact Club will be assisting with building construction for Habitat For Humanities and have been Pease Greeters for returning Military Service Members
- Youth to Youth Drug and Alcohol Awareness Campaigns
- In the fall the National Honor Society, Junior National Honor Society, Interact Club, SALT and Student Council all volunteered at the 4th annual Rake-a-pa-looza, where they raked the grounds at Newmarket Jr./Sr. High School
- National Honor Society decorated a Christmas Tree as part of Exeter's Festival of Trees and it collected a donation for the Exeter Area Chamber for over \$100.00
- Roots and Shoots Club actively recycling cans, paper, and cardboard each day as well as beginning a composting bin in the cafeteria to assist our efforts to become a "Green School"
- Grade 8 volunteering their time at water stations for the Great Bay Half-Marathon and other Loco Racing Events
- Providing child-care for night meetings and the Deliberative Session that occur at the school
- Karlee Paradis served as the student representative on the School Board
- Girls Varsity Soccer Team spent a day with the Timberland Corporation completing community service projects in the seacoast for the third straight year
- Collecting non-perishable items during Trick or Can that were donated to the local food pantry
- Collecting countless pairs of jeans to donate to the Jeans for Teens Program

Newmarket is Proud of:

- US News Report ranking Newmarket High School as a Nationally Recognized Best School
- Niche report ranking Newmarket High School the 20th best high school in the state
- 81% of last year's seniors are enrolled in either a 2 year or 4 year college
- The 24 current 8th and 9th grade students who were selected to participate in a summer enrichment program directed by Phillips Exeter Academy
- The teacher and student volunteers who helped raise over \$4,500.00 to

assist those families in need for the holidays

- Athletic, Arts, Drama and Musical departments for the increased number of students participating each year

Elementary School

Sean Pine, Principal

The 2013–2014 school year began on Monday, August 26th. The school opened with an enrollment of approximately 575 students in grades K-5. During the

school year, we were pleased to welcome 5 new staff members to our learning community:

- Jean Burke
- Susan Dionne
- Eleanor LaBranche
- Emily Stern
- Josephine Strong

We continue to strive to have all children reading at grade level by the third grade. It has been shown that when a child reaches this target, they're more likely to have greater academic success as they continue with their education. Students who are identified through our RTI (Response to Intervention) program receive additional supplemental services in reading and mathematics in order to address the identified needs of the student.

NES uses two assessment programs to monitor students' progress and plan accordingly. The primary students in grades K through 2 were assessed in early reading skills a minimum of three times per year using Dynamic Indicators of Basic Early Literacy Skills (DIBELS) and AIMS Web. Students in grades 3–5 were assessed in the fall, winter and spring using Measures of Academic Progress (MAP) testing from Northwest Evaluation Association (NWEA). The students were tested individually through the use of computers in the areas of reading and math. In addition, our students in grades 3–5 span participated in the New England Common Assessment Program (NECAP). In spring of 2015, students in grades 3–5 will be assessed using the Smarter Balanced Assessment, which is based on the Common Core Standards as is required by the state.

We are fortunate to be able to provide a wide variety of after school opportunities for our students. These programs are safe, enriching experiences that help to develop our students learning outside the classroom setting. This includes our well known jump rope program and our high competitive cross country team. We continue to see strong growth in our after school band and chorus programs as well. The children also can participate in our Drama Club, which puts on a theatrical production at the end of the year. Budding gardeners have the opportunity to learn how to successfully cultivate vegetable with our Garden club. Much of what they grow is shared with the school community.

Academically speaking, Homework Club is offered to our children in grades 3–5. This program provides homework assistance by grade level after school three days a week. Staff members are

contracted to provide academic support and organizational assistance to participating students.

This past year we saw the formation of a school climate committee. The goal of the committee is provide a variety of ways to enhance the sense of community for the staff and students alike. Speaking of community, our student council, under the guidance of Doug Webb, set up a program in which children in the fourth and fifth grades visited weekly with the residents of the Pines Assisted Living facility. This outreach provides an opportunity for the children and residents to interact with each other doing various games and activities.

The School Volunteer Program again received the distinction of being selected for the Blue Ribbon of Excellence Award from the NH Partnership in Education. We extend our appreciation to all our volunteers who help with school projects, classroom activities, field trips and PTA business and events. From the back to school picnic to our Unplugged Week, our PTA is one of the strongest I ever seen. Their gifts of time and effort, helps to increase the level of services and opportunities for the student of NES.

The Maintenance Department, under the direction of Brian O'Connor, worked conscientiously to provide a safe and clean facility and environment for learning. Often this can be a challenge given the age of the building and the constant comings and goings of a school community with 575 students.

We saw a number of our staff members retire at the close of the school year, (including: School Psychologist, Anne Kost, art teacher Sandy Stowe, school nurse, Diane Beach and Eddie Baudet, our school secretary.) Their commitment to the students, staff, and parents of Newmarket Elementary School was greatly appreciated. We wish them the best of luck with their future endeavors.

The 2013/2014 school year closed on June 25th, but the educational process has no end. It is a continuous collaborative effort between home and school with support of community. The children we serve and share are priceless to us. We appreciate the support of the parents of our students, the Newmarket

community, our School Board, the SAU administrative team, the PTA, the town's fire and police personnel, and others in providing a safe, enriched learning environment and educational program for the children of Newmarket. Thank you for your continued consideration and cooperation.

2014 Deliberative Session Minutes

February 8, 2014, 10:00 A.M.
Newmarket Jr/ Sr High School

Present: Kelly Foster, Cliff Chase, Gail Durocher-Wentworth, Nathan Lunney, Elizabeth McKinney, Superintendent James Hayes, Business Administrator Christine Blouin, School Attorney Mike Elwell.

Call To Order:

School District Moderator Bob Madea opened the meeting at 10:10 A.M. He led the Pledge of Allegiance. The high school band played the National Anthem.

Bob Madea explained that the School Board has already held public meetings regarding the warrants and a separate bond hearing on Article #1. Today is the deliberative session, which is the first part of town meeting in SB2 communities. The voting will be done on March 11th from 7 A.M. to 8 P.M. At the deliberative session, voters can amend the language of the warrant articles, subject to certain restrictions. He said that he would be using Robert's Rules of Order as a guide, but the meeting would be run according to the moderator's rules. Voters wishing to attend the town's deliberative session following this meeting must leave the room and re-register, as they are legally two separate meetings.

Rose-Ann Kwaks of Wadleigh Falls Road said that an RSA prohibits moderators from using Robert's Rules of Order. Bob Madea said that he would draw on Robert's Rules for entertaining motions, but would depend on the feeling of the public to guide the meeting.

The members of the School Board and Budget Committee were introduced.

ARTICLE 1: *Passage of this article shall override the 10 percent limitation imposed on this appropriation due to the non-recommendation of the Budget Committee. To see if the School District will vote to raise an appropriate the sum of \$45,125,263, for the construction of a new Junior/ Senior High School and authorize the issuance of not more than \$45,125,263 of bond or*

notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33), and authorize the School Board to issue and negotiate such bonds or notes and determine the rate of interest thereon and to authorize the School Board to apply for, and accept and expend any federal, state, or other aid that may be made available for said project; and to comply with all the requirements related thereto; and further to raise and appropriate the additional sum of \$1,303,619 estimated to be the first bond payment and authorize the School Board to take any and all actions necessary to carry out any vote hereunder or take any other action relative therein. (Recommended by the School Board (5-0) and not recommended by the Budget Committee (5-6)). (3/5ths or 60% majority vote required.) The estimated tax impact of this warrant article is \$1.75.

Bob Madea read Article 1 in full. Dr. Hayes said that the first sentence must be included due to a state law known as the 10% Rule. This rule states that at annual meeting, school districts cannot appropriate more than 10% more than the total amount recommended by the Budget Committee. The legislature allows school districts to add a sentence to the warrant article that allows voters to waive the rule in order to bond a larger amount than would otherwise be allowed. If this article passes, we would do three things: build a new Junior/ Senior High School, renovate the existing gym and related areas, and demolish the rest of the building to make room for parking. The actual warrant article does three things: raises and appropriates the money for the new school, allows the School Board to bond up to that amount, and to raise the first year's payment (which is a partial, interest-only payment). The interest rate and the length of the loan would be determined this summer by the School Board in collaboration with bond counsel. Several scenarios have been provided in the handouts. We would have about \$1.27 million already set aside that can be used for construction: about \$600k in the dual-purpose capital reserve fund, about \$71k in the Expansion of School

Facilities capital reserve fund, impact fees, and about \$500k from Article 3. We could use these funds to offset the payments in the early years, to lessen the financial impact to taxpayers. He noted that while we have been focused on fire and life safety issues, those are not the only reasons to build a new school. The age, deteriorating facilities, and inadequate size are all factors, and we expect enrollment to grow further in the future. The new design meets all DOE standards and is large enough to meet our projected enrollment. If Article 1 passes, we would immediately begin the 10-month process of putting together bid documents and going out to bid. Construction would be finished around June 2016, and students would begin attending the new school in September 2016.

Dr. Larry Kane of Cushing Road said that he would like to see language on the warrant that includes the estimated tax impact after the first year. **Dr. Hayes** said that the tax rate in future years would depend greatly on the interest rate and the length of the bond, which is why bond counsel advised us not to include any such estimate. It would tie the hands of the School Board.

Rose Ann Kwaks of Wadleigh Falls Road said that the \$1.75 mentioned on the warrant is an estimate, so she did not understand why the School Board would not include the estimated tax impact in future years as well. Dr. Hayes said that we are not raising \$45 million in taxes, which is why the estimated tax impact refers only to the first year's payment. **Rose Ann Kwaks** said that the School Board's decision not to increase the estimated tax impact on the warrant is disingenuous at best.

Chris Andriski said that Newmarket is the best community in New Hampshire. He accepts differing opinions, but he does not agree when people say our schools are average. Of last year's graduating class, 85% went on to two- or four-year colleges. Not one high school student dropped out. We have wonderful partnerships for enrichment and professional development with Phillips Exeter Academy. Three of our current

seniors have been named National Merit Scholars, and one has been accepted early to Dartmouth College. This year not one of our 11th graders scored “significantly below proficient” in standardized testing. We have Teachers of the Year in science, music, PE, and industrial arts. He said it is time for the community to come together as a family and provide the facility we deserve. We should stop asking ourselves, “What if state aid becomes available?” and “What if we’d built earlier?” and vote for Article 1.

Ingrid Ahlberg of Braillia Circle proposed an amendment to make the sentence about the tax impact read, “...\$1.75 in the first year, and an estimated rate of \$4.27 in the remaining years of the bond.” **Rose Ann Kwaks** seconded. There was a short recess while Bob Madea and the School Board conferred with legal counsel. **Attorney Michael Elwell** explained that by statute, the School Board has sole authority over the tax impact language; voters cannot re-write it. In his legal opinion, the amendment to change the tax impact was unlawful. **Ingrid Ahlberg** said that the superintendent and the School Board do not want to make the community aware of the full cost of the school project. She said that found the unwillingness toward full disclosure disappointing in a democratic society.

Bruce Hawkins of Bennett Way said that the tax impact in the remaining years would fluctuate, so any fixed amount would never be accurate. He said the voters have been provided many pages of information explaining the potential tax impacts.

Toni Weinstein of 275 Ash Swamp Road said that the information has been made very clear. Not including the tax impact in future years is part of the School Board’s effort *not* to mislead the community. She felt that the amendment was unnecessary and unlawful, and moved the vote. The motion passed via a call-out vote. The proposed amendment failed via a call-out vote.

Trish Simon of Cushing Road said that we would save \$900k in interest over the life of the bond if we use the money we have available to offset the total amount of the bond, rather than using it to lessen the tax impact in the first few years as Dr. Hayes has recommended. She said that sometimes funds that were

earmarked for particular projects end up being used for some other purpose, so we should consider using those funds now before they can be repurposed.

Nathan Lunney said that the total amount is not set in stone, and we could bond for less than that amount. We have not gone out to bid yet, so we hope the total goes down.

Philip Chase of 125 Main Street made a motion to add “in the first year” after the estimated tax impact of \$1.75. **Lorianne Caprioli** seconded. **Dale Pike of 30 Smith Garrison Road** said that even people who are inclined to vote for the new school feel that there should be more disclosure in the warrant article. The motion passed in a call-out vote.

Francis Salinder of Brailla Circle made a motion to add “as the estimated cost of the construction of a new Jr/Sr High School” after the \$45,125,263. **Bob Gazda** seconded. **Nicole Benson of Mockingbird Lane** said that she felt this language would open a can of worms. **Sherry Day of 35 Ladyslipper Drive** asked whether the bond or the bids would come first. If we have already bonded the full amount but the bids come in lower, would the School Board be able to spend more than really necessary? Dr. Hayes said that the bond would come first. Our proposal would be packaged together with other communities’. We could go out to bid only for the amount needed for bid documents, which would be about \$2 million, and then get another bond after we receive the bids. The School Board needs the flexibility to make those determinations.

Nathan Lunney said that he is absolutely determined that if the school can cost less, it *should* cost less. He has two daughters who would attend that school, but he does not want to spend any more than we have to.

Bruce Hawkins moved the vote. The proposed amendment failed in a call-out vote.

Ed Portyrata of Exeter Road said that he read in the *Exeter News-Letter* that the bond would cost \$1.75 on the tax rate. He feared that people will read that article and think, “That’s not so bad. I would support that in a minute.” Dr. Hayes said that he understood the point, but the newspaper is responsible for what it prints.

Bert Allen made a motion to add after the \$45,125,263, “to tax cap at 0% for 30 years” and, after the \$1.75, “and shall never, for the life of the loan, exceed the tax cap of 0% increase.” There was no second.

Jill Berry of Ladyslipper Drive said that she felt the moderator was not being fair or respectful. Some voters had been allowed to go on and on, while others were not given the chance to speak their minds.

Jon Nolan of 42 Lamprey Street said that he is in favor of the school, because our children have been painting Picassos with toothbrushes. He would like to leave the language as is and close the issue.

Budget Committee member Dana Glennon said that the Budget Committee voted not to recommend this warrant article because Newmarket would be the only town in New Hampshire paying for school construction solely on the backs of property taxpayers. There is no state funding available. Dr. Hayes referred him to page 12 of the FAQs, which explains that numerous school districts are planning major construction projects without state aid. Other districts going out to bond at the same time should help us get a better rate, because the projects would be packaged together.

Jon Nolan made a motion to limit reconsideration of Article 1. **Forrest Ransdell** seconded. The motion passed in a call-out vote.

ARTICLE 2: To see if the School District will raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by the vote of the first session, for the purposes set forth therein, totaling \$16,647,363. Should this article be defeated, the default budget shall be \$16,438,782 which is the same as last year with certain adjustments required by previous action of the Newmarket School District or by law; or the school board may hold one special meeting in accordance with RSA 40:13 X and XVI., to take up the issue of a revised operating budget only. NOTE:

This warrant article (operating budget) does not include appropriations in any other warrant article. (Recommended by the School Board (5-0) and recommended by the Budget Committee (7-4)). If passed, it is estimated that this article will result in an increase of \$0.49 over the previous year's school tax rate of \$7.37. If defeated, it is estimated that this article will result in an increase of \$0.21 over the previous year's school tax rate of \$17.37.

Dr. Hayes said the proposed operating budget represents a 7.13% increase, which is not something that the School Board wanted to support. However, the increase represents obligations and essentials that we cannot avoid. This year the district saw an unprecedented increase in SPED costs that were unanticipated, and those continuing costs need to be included in next year's budget. Teacher raises are part of the collective bargaining agreement, and the additional first grade teacher is needed to accommodate growing enrollment. Our health insurance costs are increasing because more staff members are enrolling in the district's plans. We have made tremendous headway with technology, but we desperately need to replace computers that are 8-10 years old.

There was no discussion on Article 2.

ARTICLE 3: To see if the School District will vote to raise and appropriate the sum of Five Hundred Thousand Dollars (\$500,000) to be added to the Construction of a New School Building and Renovation of Existing School Buildings for Fire and Life Safety Code Compliance Capital Reserve Fund established in 2012. (Recommended by the School Board (5-0) and recommended by the Budget Committee (11-0)). The estimated tax impact of this warrant article is \$0.67.

Dr. Hayes said we have a balance of about \$600k in the dual-purpose capital reserve. If Article 1 fails, we will need to move forward with the remaining fire and life safety projects over the next two summers. The first phase will cost about \$1.1 million, and we will need to go out to bid right away in order to be ready to do the work this summer. He added that the threat to close the school is real. Unity, Somersworth and Whitefield

have all faced similar threats from the fire marshal.

Toni Weinstein made a motion to limit reconsideration of Article 2. **Jon Nolan** seconded. The motion passed in a call-out vote.

John Bentley of 14 Grant Road said that he is a 1983 graduate of Newmarket Jr/ Sr High School. His family has been here since the 1700s. He feels that we have been blessed with unbelievable teachers, and he has personally volunteered his time to coach numerous teams. We have students on the honor rolls of colleges throughout New England. He said the country is still in recession, and people will struggle to pay the tax increases. He finds it personally insulting that anyone would consider anyone who did not support Article 1 anti-kid or anti-school. The school mascot refers to the mulers who hauled goods from the gundalows. Newmarket residents are not afraid of hard work.

Amy Tilton of Schanda Drive asked what would happen to the money if this article passes. **Dr. Hayes** said that the money would go into the dual-purpose fund. If Article 1 passes, the money will be put toward the new school construction; we will not do the remaining fire and life safety projects. If Article 1 fails, we will need to move ahead with the fire and life safety projects to meet the September 2015 deadline. He added that he cannot imagine not voting for Article 3, because it would mean that you want the school to close. Without Article 3, we will not have enough money to pay for this summer's projects.

Judy Buothot of Cushing Road said that the information in the handouts is presented as fact, but it is marketing for the new school. She said that when taxes go up, home prices go down; home values will not increase. She asked if voters would have these materials when they vote. **Bob Madea** said that politicking is not allowed in the voting booths. Voters can bring papers with them, but they cannot leave anything behind for others to read. **Nicole Tobin of 2 Mockingbird Lane** said that the information about rising home values is based on empirical data.

Rose Ann Kwaks made a motion to eliminate "Construction of a New School Building and" from the warrant article.

Bob Madea said that this phrase is part of the official name of the capital reserve fund, and so it cannot be changed by amendment. **Ingrid Ahlberg** asked if the \$0.67 tax impact would apply in future years as well. **Dr. Hayes** said that we would need another warrant article next year in order to fund Phase 2 of the fire and life safety projects, assuming Article 1 fails. **Bob Madea** said that the fund would likely be zeroed out if a new school is built. **Dr. Hayes** said that the voters established this dual-purpose fund to deal with a dilemma: they wanted to set aside money for the fire and life safety projects, but they also did not want to invest more money in a sinking ship. **Ingrid Ahlberg** said this fund looks like a way to expand the cost of the new school. **Nathan Lunney** said that the \$500k in this warrant article does not make a \$45 million school a \$45.5 million school. The fund will be used to defray the cost of the new school, not add to it.

Amy Boatner of Osprey Lane said that she was concerned Articles 1 and 3 could be added together, which feels like double-dipping. She made a motion to add "which shall only be used to renovate the existing school in the event Article #1 fails." **Attorney Michael Elwell** recommended against this amendment, because it would narrow the purpose of the fund. Such a change cannot be made on the floor without advance notice. She changed the amendment to, "...which shall be used to reduce the maximum bond issuance amount of Article 1 is Article 1 is approved. Otherwise, it shall be used for the dual-purpose fund if Article 1 fails." **Charlie Heckscher of Briallia Circle** seconded.

Chet Jablonski asked if the \$500k would be used to build a new school if Article 1 passes. **Dr. Hayes** said yes. The new school would not cost more than the total amount in Article 1.

There was a recess from 12:10 to 12:20 P.M. to allow parents to make lunch arrangements for their children.

Val Shelton of 124 Cushing Road said that she had spoken to the person who had made the amendment and they agreed on a change to simplify matters: "should Article 1 fail to pass." That language would render Article 3 moot if Article 1 passes. **Charlie Heckscher** agreed to the change.

Amy Hill of 52 Ladyslipper Drive said that she did not support the amendment because it would tie the hands of the School Board. She said that she found this meeting discouraging. Everyone is just trying to make the best decision for themselves and their families. Many people feel that the best option is to fix the fire and life safety violations, but she is concerned about space. When Ladyslipper Drive and other housing developments were built, the homes were all 3–4 bedroom. The people who bought these homes had children or planned to have children. It should be a surprise to no one that the population exploded. The town said yes to the development, and now is not the time to say no. She said her heart breaks for the people who cannot pay the higher taxes, but the children deserve classrooms that are big enough.

Tom Jennings of Packers Falls Road said that when the voters approved the land purchase, some people thought they were approving land for parking, or athletic fields. Others thought they were preventing that land from being developed into apartments. He supported fixing the fire and life safety issues, but he does not support a new school. He would also support building only the rooms we need across the street, such as adequate spaces for art, music and SPED. The Elementary School needs \$16 million in renovations, and it will cost more if we wait. He encouraged everyone to be respectful and educate themselves, rather than belittle those who are worried about the tax impact.

Nicole Benson asked what would happen to the money in Article 3 if Article 1 passes. Dr. Hayes said that the funds would not be appropriated. Article 3 would be null and void.

Steve Reynolds of 12 Lamprey Street asked if the money in the dual-purpose capital reserve fund could be used for the Elementary School if it had fire and life safety issues. Dr. Hayes said yes.

Mike Rury of Durrell Drive asked if the money in Article 3 was part of the funds that would be applied to lower the tax impact in the first few years of the bond. Dr. Hayes said that it was a major component, but the scenarios included some other funds we already have.

The amendment failed in a call-out vote.

Darren Dulac of Ladyslipper Drive made a motion to make the following change: “to be added to the 2012 fund: *Construction of a New School Building and Renovation of Existing School Buildings for Fire and Life Safety Code Compliance Capital Reserve Fund.*” **Teresa Bolduc** seconded. The call-out vote seemed to be a tie. A show of hands revealed that the amendment passed, 121 to 69.

ARTICLE 4: To see if the School District will vote to authorize, indefinitely until rescinded, to retain year-end unassigned general funds in an amount not to exceed, in any fiscal year, 2.5 percent of the current fiscal year’s new assessment, in accordance with RSA 198:4b, II. Such fund balance retained may only be used to reduce the tax rate or for emergencies to be approved by the Department of Education under RSA 32:11. (Recommended by the School Board (5-0) and not recommended by the Budget Committee (5-6)). The estimated tax impact of this warrant article is \$0.00.

Dr. Hayes explained that a new state law allows school districts to set aside some of their surplus the way towns do. The amount is capped at 2.5% of the prior year’s net assessment. The School Board could only use these reserves in emergencies or to reduce taxes. In the case of emergency, the School Board would also need approval from the Budget Committee and the state commissioner of education. The amount would be calculated each year and managed to ensure that it never became too much.

Marisa Bozek of 4 Grape Street made a motion to limit reconsideration of Article 3. **Mike Perkins** seconded. The motion passed in a call-out vote. There was no discussion of Article 4.

ARTICLE 5: To see if the School District will vote to raise and appropriate one-fourth (¼) 25% of any June 30, 2014, fund balance (SURPLUS) up to Fifty Thousand Dollars (\$50,000) to be added to the Repair and Maintenance of School Facilities Expendable Trust Fund established in 2004 under the provisions of RSA 198:20-c for the

purpose of repairs and maintenance of school facilities. (Recommended by the School Board (5-0) and recommended by the Budget Committee (9-2)). The estimated tax impact of this warrant article is \$0.00.

Dr. Hayes said that we would likely use almost all of the current balance of this trust fund to improve the heat at the Elementary School this summer. This warrant article will allow us to use some of any surplus to build the fund back up. **Toni Weinstein** said that these reserve funds are incredibly important to our town and our budget. She made a motion to limit reconsideration of Article 4. **Jon Nolan** seconded. The motion passed in a roll-call vote.

ARTICLE 6: To see if the School District will vote to raise and appropriate one-fourth (¼) 25% of any June 30, 2014, fund balance (SURPLUS) up to Fifty Thousand Dollars (\$50,000) to be added to the Special Education Capital Reserve Fund established in 2004 under the provisions of RSA 35:I-b for the purpose of educating disabled children. (Recommended by the School Board (5-0) and recommended by the Budget Committee (9-2)). The estimated tax impact of this warrant article is \$0.00.

Dr. Hayes said that we would need about \$145k from the SPED capital reserve fund to pay for unanticipated expenses this year. There was no discussion of Article 6.

ARTICLE 7: To transact any business which may legally come before this meeting.

Kelly Foster thanked Cliff Chase for his 9 years of service on the School Board. He has been mentor and a champion of children. March 6th will be his last School Board meeting.

Adjournment:

Nicole Benson made a motion to adjourn, and **Alicia Buono** seconded. The motion passed in a call-out vote. The meeting ended at 1:10 P.M.

*Respectfully Submitted,
Jenn Hastings*

YOU HAVE NOW COMPLETED VOTING

2015–2016 Official School Warrant

SCHOOL WARRANT STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of Newmarket, in the County of Rockingham, State of New Hampshire, qualified to vote in district affairs: You are hereby notified of the annual meeting.

The first session, for the transaction of all business other than voting by official ballot, shall be held **Saturday, January 31, 2015**, at 11 a.m. at the Newmarket Jr/Sr High School Gymnasium. The first session shall consist of explanation, discussion, and debate of each warrant article. Warrant articles may be amended, subject to the following limitations:

- (a) Warrant articles whose wording is prescribed by law shall not be amended.
- (b) Warrant articles that are amended shall be placed on the official ballot for final vote on the main motion, as amended.
- (c) No warrant article shall be amended to eliminate the subject matter of the article.

The second session of the annual meeting, to vote on questions required by law to be inserted on said official ballot and to vote on all warrant articles from the first session on official ballot shall be held **Tuesday, March 10, 2015**, at the Newmarket Town Hall. The polls shall be open from 7:00 a.m. to 7:00 p.m.

Article 1. To see if the School District will raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by the vote of the first session, for the purposes set forth therein, totaling **\$16,735,903?** Should this article be defeated, the default budget shall be **\$16,934,002** which is the same as last year with certain adjustments required by previous action of the Newmarket School District or by law; or the school board may hold one special meeting in accordance with RSA 40:13 X and XVI, to take up the issue of a revised operating budget only. NOTE: This warrant article (operating budget) does not include appropriations in ANY other warrant article. *(Recommended by the School Board (5-0) and recommended by the Budget Committee (11-0)).* If passed, it is estimated that this article will result in a decrease of \$.26 under the previous year's school tax rate of \$18.43, **which will result in a new estimated tax rate of \$18.17.** If defeated, it is estimated that this article will result in an increase of \$.02 over the previous year's school tax rate of \$18.43, **which will result in a new estimated tax rate of \$18.45.**

Article 2. To see if the School District will vote to raise and appropriate the sum of **\$314,175** to fund the Full Day Kindergarten Program at the elementary school commencing with the 2015-2016 school year. *(Recommended by the School Board (5-0) and recommended by the Budget Committee (7-4)).* The estimated tax impact of this warrant article is \$0.44.

Article 3. To see if the School District will vote to raise and appropriate one-half (1/2) 50% of any June 30, 2015, fund balance (SURPLUS) up to One Hundred Thousand Dollars (**\$100,000**) to be added to the Repair and Maintenance of School Facilities Expendable Trust Fund established in 2004 under the provisions of RSA 198:20-c for the purpose of repairs and maintenance of school facilities. *(Recommended by the School Board (5-0) and recommended by the Budget Committee (11-0)).* The estimated tax impact of this warrant article is \$0.00.

Article 4. To see if the School District will vote to raise and appropriate one-fourth (1/4) 25% of any June 30, 2015, fund balance (SURPLUS) up to Fifty Thousand Dollars (\$50,000) to be added to the School Technology Expendable Trust Fund established in 2005 under the provisions of RSA 198:20-c for the purpose of purchasing technology equipment. *(Recommended by the School Board (5-0) and recommended by the Budget Committee (11-0)).* The estimated tax impact of this warrant article is \$0.00.

Article 5. To transact any business which may legally come before this meeting.

Given under our hand at said Newmarket this 22nd day of January 2015.

INDEPENDENT AUDITOR'S REPORT

To the School Board
Newmarket School District
Newmarket, New Hampshire

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Newmarket School District as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Newmarket School District, as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and schedule of funding progress for other postemployment benefits on pages 7 through 19 and 48 through 52 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Newmarket School District's basic financial statements. The combining nonmajor fund financial statements, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The combining nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 8, 2014, on our consideration of the Newmarket School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Newmarket School District's internal control over financial reporting and compliance.

NEWMARKET SCHOOL DISTRICT

Reconciliation of Governmental Funds Balance Sheet to the Statement of Net Position June 30, 2013

Total Fund Balances - Governmental Funds \$ 1,179,562

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in the governmental activities are not financial resources and therefore are not reported as assets in governmental funds.

Cost	\$ 14,227,912	
Less accumulated depreciation	<u>(8,348,046)</u>	5,879,866

Long-term liabilities, including bonds payable, are not due in the current period and therefore are not reported as liabilities in the funds. Long-term liabilities at year-end consist of:

Capital lease obligations	(118,363)	
Compensated absences	(675,038)	
OPEB obligation	<u>(688,465)</u>	<u>(1,481,866)</u>

Total Net Position - Governmental Activities \$ 5,577,562

The accompanying notes to the basic financial statements are an integral part of this statement.

Class of 2014 Top Ten Students

(see photo on back cover)

No. 1 Collin McKinney will be attending Dartmouth College to study Biophysical Chemistry or Computer Science. His goal is to receive his degree and find a career in which he is challenged, satisfied, and hopefully successful enough to be able to make philanthropic contributions to his community and the world.

No. 2. Richard Nesbit was accepted at Boston University, Northeastern, Wentworth Institute of Technology, University of New Hampshire. He plans to attend Boston University to study Computer Engineering and minor in Electrical Engineering. His goal is to become the senior engineer at an audio equipment company.

No. 3 Zachary Orent will be attending Boston University to study Computer Science. His future plan is to enter a field in research.

No. 4 Anastasia George was accepted at the University of New England, the University of Rhode Island and the University of New Hampshire. She plans to attend the University of New Hampshire to study Marine, Estuarine and Freshwater Biology. Her goal is to have a career in Marine Sciences, working on boats; both research vessels and tall ships.

No. 5 Cameron Grzybowski was accepted at the University of Maine, Orono, University of New Hampshire, and the Rochester Institute of Technology. He plans to attend University of Maine, Orono to study Chemical Engineering. His goal is to graduate with a degree in Chemical Engineering and start a successful career for himself.

No. 6 Sam Leahy was accepted at the University of New Hampshire and the University of Maine, Wentworth Institute of Technology and the University of Miami. He plans to attend the University of New Hampshire to study Electrical Engineering. His goal is to find a job working for an audio/electronic company with hopes of designing new and useful electronics.

No. 7 Gabrielle Diaz was accepted at Sacred Heart University, the University of New Hampshire, Quinnipiac University and the University of New England. She plans to attend Sacred Heart University in Fairfield, Connecticut to study Health Sciences/Occupational Therapy. Her future plan is become an Occupational Therapist and make a positive difference in people's lives.

No. 8 Jenna Sanborn was accepted at the University of New Hampshire, the University of Rhode Island, The University of New England, Massachusetts College of Pharmacy and Health Sciences and Albany College of Pharmacy and Health Sciences. She plans to attend Massachusetts College of Pharmacy and Health Sciences majoring in Doctor of Pharmacy. Her goal is to graduate from college with her doctorate in pharmacy and have a successful career as a pharmacist.

No. 9 Luc Baudet was accepted at the University of Vermont and the University of New Hampshire, and the University of Rochester. He plans to attend the University of New Hampshire to study Information Technology. His future plan is to have a stable IT career and a family.

No. 10 Connor Harrington will be attending the University of New Hampshire to study English Literature. His goal is to become an English Professor at a university.
